

ALABAMA GIVES PRESIDENT WILSON AN ENTHUSIASTIC, HEARTY WELCOME

Chief Executive of Na- tion Spends Busy Six Hours in Mobile

THOUSANDS HEAR SPEECH

President Addresses Southern Commercial Congress on New Phase of U. S. Policy

CHEERED ON WAY TO CAPITAL

MOBILE, Ala., Oct. 27.—A busy six hour stay of President Wilson in Mobile, speeches by majority leader Oscar Underwood, Secretary of the Navy Josephus Daniels and many others marked the opening of the seventh annual Southern Commercial congress here today. Delegates from all sections of the south heard President Wilson utter distinctive statements on a new phase of the policy of the United States toward Latin-America; heard Mr. Underwood advocate the upbuilding of the American marine as the best business gaining principal of today.

Mr. Underwood emphasized the point that without shipping controlled by the U. S. this country never could gain the increase in trade it expected from the opening of the canal.

In fostering American shipping lay the best chance of gain through the opening of the canal, said Mr. Underwood.

One of the principal addresses of the night session was that of Secretary Daniels who spoke of the relation of our navy to the Panama canal.

Policy Toward Latin-America. While avoiding any mention specifically of Mexico or any European influence connected with the Mexican situation, President Woodrow Wilson directed a speech here today which appeared to be freighted with significance and which served to point with further directness the policy of the United States not only toward Mexico but toward all Central and South American republics.

Mr. Wilson spoke before the Southern Commercial Congress and the big audience which heard him constantly was in cheers and applause. The president smilingly took his bearings into his confidence when he explained "he must speak with moderation and with discretion."

A score of South American diplomats sat just behind the president while he spoke and many of his remarks were addressed in conversational tones to them. There were those in the audience who thought

SUPREME COURT WILL PASS UPON PERPLEXING QUESTION

Will Decide Whether Jury Verdict Reached by Means of Chance Is Legal.

Washington, Oct. 27.—The perplexing question of long dispute as to whether a jury verdict reached by means of chance is legal, will be passed upon by the supreme court. The court today took the unusual step of directing the fourth circuit court of appeals to send up for review a case involving this point. The federal court in western North Carolina declined to allow H. K. Hider, juror in a case in which D. J. McDonald of Illinois was seeking to set aside a verdict obtained against by Pless and Winbourne, lawyers, to testify that the jury arrived at a verdict by each juror estimating the amount to be awarded the partners and then dividing the sum by twelve.

GRANTS CONTINUANCE.

Rochester, N. H., Oct. 27.—Harry K. Thaw's request for a further continuance in his extradition was granted by Governor Felker today. The governor allowed Thaw attorneys until November 4 to file briefs. Thaw had asked for a continuance of two weeks.

EIGHT FIREMEN KILLED.

Milwaukee, Oct. 27.—Lieut. Charles C. Newton, injured in the Goodyear fire last night, died tonight, raising total list of deaths to eight. The other injured firemen are expected to recover.

the president might take advantage of the opportunity offered by his speech here to say something regarding the Mexican crisis. He, however, spoke only in general terms and many of his sentences were pointed with meaning so clear so as to leave little doubt of the intent.

"Material interests"—a phrase much in use internationally of late in characterizing the attitude of foreign nations toward Mexico—frequently was employed by the president. He declared the American republics had suffered long from the harsh bargains forced upon them by concessionaires, seeking "material interests" in the countries affected. The president declared that through motives of morality and not "expediency" the United States desired to help the Latin-American republics to emancipation from the subordination which has been inevitable to foreign enterprises. The president's speech was uttered with a confidence which bespoke the dominant part of the United States expects to play in the future of the American republics. Not through any idea of "material interest" he carefully explained, but through a love of the principle of constitutional liberty.

The United States will never again seek to obtain one additional foot of territory by conquest he declared amid applause.

Mr. Wilson spent six busy hours in Mobile. He arrived early in the morning and was taken jointly in hand by the members of the Southern Commercial congress and citizens of the city. He was breakfasted, driven about the city by automobile, taken on a sight-seeing expedition in the harbor and started back to Washington with cheers ringing about his special train.

Given Great Demonstration.

On Board President Wilson's Special Train, Opelika, Ala., Oct. 27.—Seldom has Woodrow Wilson been given the demonstration of enthusiasm with which Alabama today welcomed him, not only at Mobile, where seemingly the city's entire population turned out, but at all points enroute. As his train traveled northward toward Washington tonight the reception was one of continuous cheering. It was like a huge frolic to the people of Alabama. They came flocking to the stations in happy throngs eager to hear the president make a speech but he refrained, preferring to reach over the rail of his car and shake hands with men, women and children everywhere.

The president enjoyed it immensely, particularly the good natured banter with the crowd.

"Please make a speech," implored some man in the great crowd at Montgomery.

"I'm not much of a hand at speeches from the train," laughed the president and then added:

"I'll admit I'm not much to look at either."

"But you look good to us," chorused the crowd.

"We wish Mrs. Wilson could have

DENVER, Colo., Oct. 27.—"I don't like to shoot people but when they refuse to stick up their hands, what's a fellow to do?"

Thus James Nelson, 24, calmly philosophized on his confessed murder of Thomas Shase, a crime which early last Friday morning put a climax on a character started at the age of fourteen.

JUDGE SUSTAINS DEFENSES' CONTENTION

JUDGE PAM REFUSES TO ADMIT FUNK'S AFFIDAVIT TO THE RECORD

Court States Refusal is Temporary and That He Will Give Final Ruling After Reading Affidavit—Mrs. Henning Faints on Witness Stand and is Unable to Continue Testimony.

CHICAGO, Oct. 27.—Judge Pam sustained the contention of the defense in the trials of Attorney Daniel Donahoe and Detective Isaac Stiefel, charged with conspiracy to defame Clarence S. Funk, when he refused today to admit to the record an affidavit by Mr. Funk relating to some of the testimony he gave in the Lorimer hearing in the United States senate committee. Judge Pam said the refusal was temporary and that he would give a final ruling when he had read the affidavit. The affidavit was used as testimony in the alienation suit against Mr. Funk, brought by Mrs. Josephine Henning, which resulted in the indictment of the lawyer and detective on conspiracy charges.

Mrs. Henning, who has been the state's chief witness, fainted this afternoon and was unable to continue her testimony. She is expected to return and finish her story tomorrow morning. Arthur P. O'Brien, chief clerk in the office of the clerk of the circuit court, declared that several of the depositions and papers in the alienation suit have disappeared from the files. Some of these papers, it was said, are needed by the state in the present case. The name of William Lorimer was drawn into the cross-examination of Mrs. Henning. She was telling of the second visit to the office of Attorney Donahoe.

"Mr. Donahoe said he was going to start a little suit," she said, "he wanted to know if I knew Mr. Funk or anyone connected with the International Harvester company, 'you know he is the man who brought the second investigation of Senator Lorimer,' he said. I said I didn't know him."

WEDDING OF KATHERINE ELKINS IS SURPRISE

MARRIAGE PLANS UNKNOWN EVEN TO BRIDE'S MOTHER

ELKINS, W. Va., Oct. 27.—Although intimate friends and the family had expected it for two years, the wedding of Katherine Elkins, daughter of the late United States Senator Stephen B. Elkins, to William F. R. Hitt, Washington, this afternoon was a surprise throughout this section. Not even the mother of the bride was aware of the preparations of wedding until several hours before it took place. The ceremony was witnessed only by the immediate family at Haleshurst, the Elkins home here. Former Senator Davis Elkins was the attendant of the groom and Mrs. Blaine Elkins, sister-in-law of the bride, was matron of honor. Rev. H. B. Baron, pastor of the Davis Memorial Presbyterian church here, was the clergyman.

William F. R. Hitt, the groom, is a son of a former congressman from Illinois and for some years has made his home with his mother in Washington. During the past three or four years he has frequently been a guest of the Elkins family at Haleshurst, for weeks at a time and on several occasions accompanied Mrs. Stephen B. Elkins and the present Mrs. Hitt on trips abroad.

Washington, Oct. 27.—Diplomatic and society circles in Washington heard of the marriage of Miss Katherine Elkins to William F. R. Hitt with unusual interest. The news came as a complete surprise, although it had been known that the wealthy young Washingtonian had been an ardent admirer of Miss Elkins for many years.

A few years ago capital society was certain that Miss Elkins would wed the famous Duke de Abruzzi, member of the Italian royal family, naval officer and explorer. About the time the Duke came to America in command of the Italian fleet that participated in the Jamestown exposition at West Virginia, the young lady was given great attention by the Duke.

It was said that the Duke's family objected and that Miss Elkins had rejected the attention of the royal suitor.

Denials followed the report, but most people believed that in the end the wedding would take place. Finally the Queen Dowager of Italy was said to have interfered. At any rate the Duke went on a two year cruise and nothing more was heard about the romance.

SENATOR ATTACKS CONGRESSIONAL PRACTICE

Washington, Oct. 27.—The congressional practice of appropriating a year's salary for the benefit of widows of senators and representatives dying in office was attacked today by Senator Kenyon of Iowa. He introduced a resolution declaring it the sense of the senate that the practice was "without warrant of law" and should be discontinued. The resolution was withdrawn temporarily because of a technical discussion.

PROFESSOR AGAIN BEFORE COMMITTEE

First Day for Executive Con- sideration of Currency by Sen- ate Held Behind Closed Doors

PROFESSOR JENKS ON STAND

New York Man Returns to Washing- ton to Present Plan—Thinks Plan Presented by Vanderlip Is Even Better Than His Own

ENDORSES CENTRAL BANK PLAN

WASHINGTON, Oct. 27.—The first day for executive consideration of the currency by the senate banking committee resolved itself into a hearing held behind closed doors.

Although hearings were officially closed Saturday the committee spent the day in secret session with Prof. Jeremiah Jenks of the University of the City of New York on the stand. Professor Jenks in response to requests from members of the committee when he was on the stand last week, returned to Washington to present a plan he had drawn for the establishment of a government controlled central bank to dominate the financial system.

Today he endorsed the central bank plan proposed last week by Frank A. Vanderlip of the National City Bank of New York and declared that the Vanderlip plan in many of its details was more nearly an ideal currency scheme than his own proposal.

Professor Jenks' plan contemplates the establishment of a central federal bank under the control and management of officials with branches established in various parts of the country. With this organization to take the place of the twelve regional reserve banks proposed in the administration bill, the Jenks plan follows closely the Owen-Glass measure in the working out of details.

The committee discussed with the witness a possible amendment which would maintain the regional reserve bank form proposed by the administration bill but which would eliminate the control of the regional institutions by the banks. Such a plan would insure government control of the entire system as contemplated in a central bank plan and would maintain the local character of the institutions which was advanced as an argument for retaining the regional plan. In this connection the committee discussed informally the opening of the stock of the regional banks to public subscription or providing for capitalization of the banks by the government in order to obviate forcing the banks to subscribe.

WILL MUSTER THREE ADDITIONAL TROOPS OF CAVALRY IN CHICAGO

Governor Issues Orders to Bring First Regiment up to Full Foot- ing Demanded by the War Department.

Chicago, Oct. 27.—Col. Milton J. Foreman of the first Illinois Cavalry announced tonight that he had received orders from Governor Dunne to muster three additional troops of cavalry in the city of Chicago. This will bring the first regiment up to the full footing demanded by the war department and according to Colonel Foreman, will make the first regiment the only volunteer regiment in the United States that is on a full war strength. It was said that an attempt would be made to enlist at least one troop in the stock yards district.

Each of the troops will be composed of 58 men and three officers. The three additional troops will make a total of nine troops in the city.

LEADER OF STRIKING IRISH TRANSPORT WORKERS GUILTY

James Larkin Found Guilty of In- citing to Riot and Is Sentenced to Seven Months' Imprisonment.

Dublin, Ireland, Oct. 27.—James Larkin, leader of the striking Irish transport workers was today found guilty of charges of sedition and inciting a riot. He was sentenced to seven months' imprisonment. The Irish transport workers have been on strike since early in September and such distress is prevalent among their families that the English trades unions have sent them large quantities of provisions to keep them from starving.

STRIKERS CAPTURE SEVEN MINE GUARDS

STRIKING MINERS AT LUDLOW DE- FEND TENT COLONY AGAINST GUARDS

Believing the Guards Traveling Over Colorado and Southwestern Tracks Were About To Attack Their Temporary Homes Strikers Fire on Train—Three Guards Are Reported Wounded.

BULLETIN.

DENVER, Colo., Oct. 28.—At 1:20 this morning Governor E. M. Ammons terminated a series of conferences with the operators and strike leaders by summarily ordering the state militia to proceed to the southern Colorado coal fields and under take a general disarmament of mine guards and strikers.

TRINIDAD, Colo., Oct. 27.—Strikers captured seven guards today at Chisaca Junction, north of Trinidad. It was also reported that they captured a Colorado & Southeastern engine.

For half an hour today more than 125 strikers battled at a mile range with several car loads of mine guards who were travelling over the Colorado & Southeastern railroad tracks ostensibly on their way to the Hastings mine. The strikers at the Ludlow camp had been led to believe that the guards were enroute to attack the tent colony and immediately set about to defend their temporary homes. Train derailleurs were set up on the tracks, the switches were thrown wherever possible and a number of the strikers armed with high powered rifle entrenched themselves at a point a mile and a half from the tent colony adjacent to the railroad. When the train first came into sight a mile away the strikers began firing. The engineer stopped the train immediately and the guards returned the fire with a vim. After half an hour of fighting in which guards are reported to have been slightly wounded the train was ordered down the track and the strikers returned to their colony.

Upon return of the fighting strikers to their colony they were lustily cheered by those who had remained behind to make the last defense. In the first few minutes the guards were still hopeful that their efforts would be successful. Circuit Judge P. H. O'Brien and former Sheriff James Byers of Houghton county are interceding with the mine managers in behalf of the strikers. In the first proposition the strikers said that they would waive recognition of the Western Federation of Miners and declare the strike off if they could retain their union memberships and not be discriminated against on that account. This was the only request made by the strikers, but as it was regarded by the operators as recognition of the federation it was rejected.

The operators are adhering strictly to their determination that hereafter no members of the Western Federation will be employed. Messrs. O'Brien and Byers will again confer with the strikers and endeavor to arrive at some other basis of agreement to be submitted to the operators. Meanwhile hundreds of men are being brought into the district to replace the strikers, two special trains arriving with men today.

CASHIER FAILS TO IDENTIFY ANY OF A NUMBER OF SUSPECTS

Masked Robber Who Shot Assistant Cashier of Addison Bank Satur- day Is Still at Large.

Chicago, Oct. 27.—E. W. Fischer, cashier of the Addison Illinois State bank, where a masked robber fatally wounded Assistant Cashier Edmund Rotermond Saturday, failed today to identify any of a number of suspects rounded up by the police here. Mr. Fischer examined the rogues' gallery at the bureau of identification without success. Police of Chicago and other western cities are continuing the search for the bandit who held up the Addison bank and escaped in an automobile stolen a few hours before in Chicago.

RESULTS OF MEXICAN ELECTION MAY NOT BE LEARNED FOR SEVERAL WEEKS

The Ayuntamiento May Have Report for Federal District by End of Week

RETURNS COME SLOWLY

From Past Experiences in Times of Peace It Is Not Expected the Result Can Be Learned Soon

CLAIM MAJORITY FOR GAMBOA

MEXICO CITY, Oct. 27.—There is no indication tonight as to what has been the result of the elections. The hope is held out that the Ayuntamiento, a body resembling in small degree a board of aldermen, will have prepared its report for the federal district by the end of the week.

From the experience of the presidential election when the means of communication was much better and the country was more nearly in a state of peace, it is regarded as too much to expect that the results throughout the country will be learned before the expiration of several weeks. At the headquarters of the Felix Diaz party no headway has been made to ascertain the strength of that party's vote. The Catholics have promised an early statement estimating the vote of Federico Gamboa in the federal district. Reluctance to go to the polls was general. Besides a lack of experience in such affairs, there was said to be generally felt a fear that some evil consequences would follow should the voter chose a losing candidate.

Number of Votes Immaterial.

The Mexican Minister of the Interior Garza Aldape was asked today if the few votes cast in the presidential election Sunday in the city of Mexico might be taken as an indication of how much voting had been done elsewhere in the republic and if in the view of the small number of votes cast, the elections would be declared null by congress. The minister replied that the point which will decide the legality of the elections apart from the absence of fraud will not be whether a majority of the voters in each electoral district voted; it being immaterial for instance if only 10,000 people in this capital cast their ballots. The essential thing, Senator Aldape explained, is that the returns come in from a majority of the electoral districts and that the elections held there have been fair, even though only a small proportion of the voters may have availed themselves of the privilege of voting.

With regard to the vote for pro-

HOW THEY VOTED.

Eagle Pass, Texas, Oct. 27.—Constitutionalists claim that when the Piedras Negras polls closed yesterday the vote stood about 95 for Diaz to 1,200 for Huerta and that hundreds of votes were added to the rolls last night. In scores of cases, it is asserted a single soldier voted in the names of a dozen different persons.

It is declared certain that entire companies of soldiers were voted by their officers in some instances.

visional President Huerta and Minister of War Blanquet, he said:

"I have no news of any great number of votes having been cast for Huerta and Blanquet. Those which may have been cast for Huerta will be thrown out as illegal on the ground of unconstitutionality in accordance with the president's direction."

Many Vote for Gamboa.

San Luis Potosi, Mexico, Oct. 27.—Posters announcing the candidacy of Huerta and Blanquet and calling upon the people to vote for men of steel and to beware of being misled in these critical times, kept most of the voters away from the polls in yesterday's election here. Of the few votes cast, Federico Gamboa, candidate of the Catholic party, received the majority.

Posters also announced the birth of a new party, anti-institutionalist. All other posters were prohibited under threats of arrest.

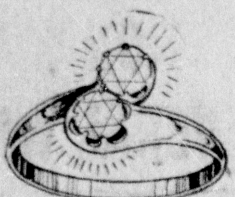

News from the surrounding country indicates that the number of marauding parties has not diminished. Ranchers are flocking to the city in terror, having abandoned their properties.

The boldness of the rebels is increasing apparently encouraged by the success at Torreón. There is little fear of an attack on this city for the present there being no leaders of importance in the neighborhood. The number of troops here is small, but could be quickly increased in case of emergency.

Catholics Claim Majority.

Mexico City, Oct. 27.—Out of 973 polling places in the federal district the Catholic party leaders claim a majority in 929 for their candidates, Federico Gamboa

WILLIAM H. BENNETT TELLS OF CONDITIONS IN ROCKFORD

Mayor of Large Dry Town Makes Impression on Congregations by His Forceful Arguments—Other Mass Meetings.

Two large congregations heard Mayor William H. Bennett of Rockford, Ill., Sunday. One was at State Street church in the afternoon, to men only, and the other at a mass meeting at the Central Christian church. Rockford was one of the cities in the state that voted dry and again returned to the wet column and on the third vote became dry.

H. H. Bancroft presided in the afternoon and Andrew Russell at night. Mayor Bennett is a forceful speaker and all his statements were backed up with an array of facts and figures which were undisputable. He showed that financially the city was better off, the bank receipts being larger, postoffice patronage increased and the moral tone of the city so much higher that there was scarcely any comparison. He read from several prominent business men of conditions in Rockford and also from newspaper clippings. From the standpoint of finished product the licensed saloon is silent, there being no argument in its favor. Rockford's dealings with the "blind pig" was also a feature of the address.

Women's Mass Meeting. A number of excellent addresses were made by prominent women of the city at a well attended women's mass meeting Sunday afternoon in Centenary church. A musical program of such excellence was furnished by M. L. Swarthout, D. M. Swarthout and Mrs. Florence Hartmann. The devotional exercises were led by Mrs. George Harvey.

The presiding officer, Mrs. E. C. Lambert, spoke of the long fight of woman against the saloon and Mrs. Neville, the first speaker, spoke of the new obligation of woman in assuming the duties of citizenship. The next speaker, Mrs. J. H. Danekin, refused a number of objections and arguments of the "wets" and urged that all women vote. Mrs. C. E. Cole spoke of the saloon as affecting the children and Mrs. C. H. Rammelkamp gave an excellent address on "The Appeal of the Home." The colored women were represented by Mrs. George Shaw, who assured the assembly that in this fight the women of her race would not be found wanting.

SCHOOL BUILDING CONTRACT IS AWARDED

JOHN WOLKE WILL UNDERTAKE THE WORK IN ACCORDANCE WITH BID.

Board Decides They Had No Authority to Release Him Notwithstanding He Made Error of \$2,700 in Figures—Other Contracts Also Awarded—General Fund Is Getting Low.

The board of education met in adjourned session Monday evening to consider the matter of awarding the contract for the erection of the proposed eighth grade building. All members present, Mayor George W. Davis in the chair.

Member Hall moved that the contract for the erection of the proposed building be awarded to John Wolke for \$45,381, the amount of his original bid, which was \$2,700 less than he meant it should be, and the motion prevailed unanimously.

Mr. Wolke being present was asked if he had anything to say and called attention to a communication he had left with the clerk and it was read and contained a withdrawal of his bid based on the fact that he had made an error in computing it. The clerk also read the form of proposal which contained an assurance that the contractor had carefully studied the plans and specifications and fully understood them.

Could Not Release Mr. Wolke. Mayor Davis said the action of the council would have to be reconsidered if the board meant to let Mr. Wolke off, but he was unable to see how it could be done legally as the bid of the gentleman contained the clause stating that he had carefully examined the plans and specifications and fully understood them.

Mr. Wolke said his contention was that the board could release him as the contract had not been awarded. Member Wells said that would mean trouble. On one set of specifications Mr. McCullough was the lowest, but if they put in iron corridors Mr. Vasconcellos was lowest and he said any amount of misunderstanding and hard feeling possible if the bid was now withdrawn.

Member Rogerson said the only way he could see legally was to go ahead and complete the building according to the tenor of the written proposal.

It was the unanimous sentiment of the board that they had no right to do so. Accordingly the clerk was instructed to notify Mr. Wolke that the contract for the construction of the building was awarded him at \$45,381. The motion to award the contract to Mr. Wolke was not rescinded, it being unanimous opinion of the board that they ran a great risk if they attempted to do so. A contract and bond were also ordered.

Other Contracts Awarded.

The heating was awarded the Jacksonville Plumbing Co. at \$2,932.50 and the electric fixtures and wiring to G. A. Sieber at \$800.

Mr. Wolke, who was present, was asked if he had anything to say and replied that he would go ahead in good faith and do the best job in his power. He didn't complain, but in a many way said he would do his best and he congratulated the city on getting a building at cost.

The mayor said he was glad Mr. Wolke exhibited such a spirit and it was the sentiment of the board that he would be dealt with harshly.

Mr. Wolke said some of the sub-contractors and material men had promised to make concessions and so aid him in getting out and it being a time when work will be scarce he felt he could get men who would do their best and accomplish as much in a day as possible.

Raised Some Salaries. The members scattered the salary list and decided that certain salaries should be increased, several automatically; that the person under consideration had taken work at Normal and had taught a requisite number of years so that she was entitled to a raise and the list as offered was adopted unanimously.

The mayor said that the general fund is getting low he would do what he could if desired to aid the finance committee in arranging for funds and it was so ordered.

Member Hall brought up the matter of buying supplies and advised there should be a formal application and requisition for all purchases of any kind so as to avoid duplication of warrants and various ways in which the board loses money.

The mayor said the play worked well in city affairs and it was so ordered in the matter of school supplies.

CELEBRATED 79TH BIRTHDAY. Horace M. Pratt of 252 Caldwell street celebrated his 79th birthday Sunday in a quiet manner. At the noon hour a family dinner in his special honor was served. Mr. Pratt has not been in the best of health for the past three or four years, yet he is able to be about and has been receiving good wishes from his many friends on the event of his natal day.

ADDRESSED SOCIAL UNION. Dr. W. P. Duncan has returned from Bloomington, where he gave an address on "Eugenics" before the Methodist Men's Social union banquet of Bloomington and Normal.

SOCIAL EVENTS.

Mr. and Mrs. Harry E. Perry Jr., entertained at their home on Webster avenue Sunday, Mosca Perry, Miss Olga Perry of Alexandria, Mrs. Belle Simmons of Virginia and Miss Marie Mayer of this city.

HOLD PRECINCT CONVENTION. Miss Lillian Harris and C. L. DePew Addressed Large Crowds at Waverly Sunday.

Both the afternoon and evening sessions of the precinct Sunday school convention which was held in the Southern Methodist church in Waverly Sunday were largely attended and the addresses of both Miss Lillian Harris of Cincinnati, Ohio, and C. L. DePew of this city were heard with interest. The association standard was placed on graded lessons and temperance pledge signing.

Meeting at Litterberry. Miss Cynthia Pearl Maus of St. Louis arrived in the city Monday morning and together with Miss Farris, Rev. W. E. Spoonits and Nellis Crane went to Litterberry Monday afternoon where they held a Sunday school institute that evening in the Baptist church. A meeting will be held at Berea church today.

NEW ENCAMPMENT TO BE ORGANIZED.

Old Fellows Will Hold Mass Meeting Next Monday Evening.

A number of Odd Fellows met Monday evening in the I. O. O. F. temple on East State street to discuss plans for instituting another I. O. O. F. encampment. Committees were appointed and a mass meeting called for Monday evening, November 3, at which time all arrangements will be made for the application for a charter and the date set for the institution of the new encampment.

It is the intention to have all members present, who are interested in becoming charter members. Fifty odd fellows have signed the petition and in all probability the encampment will be opened with over one hundred members. Every indication points to a very successful lodge of Patriarchs.

FIREMEN MAKE QUICK RUN.

The fire department was called at 7:30 Monday evening to the residence of H. Stevenson, 314 North Main street, but found the threatened fire under control. Some rugs in an upstairs closet had caught fire and filled the second story with smoke, but the blaze was easily extinguished and the loss was practically nothing. The house is the property of Mrs. Anna Koenig.

Don't fail to see Miss Sherman bake biscuits on a Cook's high oven range in Brady Bros. show window today.

QUICK RELIEF

FOR RHEUMATISM. George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, drugist.—Adv.

NOME NOMINATING COMMITTEE.

The Old People's Home Association held their annual meeting at the church last night and named a nominating committee to elect a board of directors for the coming year. The nominating committee if composed of Charles L. Mathis, U. J. Hale, Mrs. W. J. Fell, Mrs. J. H. Campbell and Mrs. Felix Simms. This committee will make a report at a meeting to be held at the church Wednesday evening at 8:30 o'clock.

Winter "Comfortables"**Blankets--Comforts
Automobile Robes**

Time's come to go into winter quarters. It's blankets and comforts now instead of electric fans and fly swatters. But while the swatters and fans were their busiest, we were searching the market for the blankets and comforts you would need this winter. We found them. They are here now. We have good blankets, better blankets, best blankets; ditto comforts. There is no need to go into details and quote prices. All of you know what blankets and comforts look like without us drawing pictures of them--and if our prices weren't right, we couldn't hold the enormous trade we do. If you have never bought a blanket or comfort here, see how well we can please you with the ones you are to buy this winter.

Automobile Robes--A New Line--Just Added

We have added to our "Winter Comforts" section an elegant line of automobile robes and invite all auto owners to inspect them. They are all wool and come in a brilliant array of colors in attractive Scotch plaid patterns.

**TO CONSIDER LAWS INTENDED
TO BETTER FARMERS' CONDITION**

Senator Gore Assures Hearers That Such Legislation Will Be Taken Up as Soon as Currency Bill Is Disposed of.

Tulsa, Okla., Oct. 27.—Assurance that legislation intended to better the condition of the American farmer would be considered by congress immediately the pending currency bill is disposed of was given today by Senator Gore of Oklahoma in his address before the International Dry Farming Congress in session here. The senator declared that as a result of a recent investigation of rural credits in Europe a plan would be devised whereby money with which to finance cropping operations would be loaned to the farmer at four percent interest.

Soils, tillage, livestock and other subjects of importance to the farm with special reference to the conservation of water to provide moisture for the growing crops during dry periods were discussed by agricultural experts from a number of states and several foreign countries today.

**COLORED WOMEN GATHER IN
ENTHUSIASTIC MASS MEETING.**

Mt. Emory Baptist church was the scene last evening of an enthusiastic mass meeting of the colored women of the city to discuss the question of local option. Mrs. George Shaw presided and Mrs. Della Harris acted as secretary. After the opening song and prayer the following were heard in short but effective addresses: Mrs. Young, Mrs. Andrew A. Russell, Mrs. Swar, Mrs. Eugene Hayden, Mrs. George Hollinger, Dr. Josephine Milligan, Mrs. Rawlings, Miss Wright, Mrs. Dunn, Mrs. Vires, Mrs. Read, Mrs. Samuel Harris, Dr. Grace Dewey, Mrs. Anna Cummings, Mrs. Robinson, Mrs. W. S. Badger and Mrs. J. H. Danskin.

A solo was given by Miss Clara Davis and an instrumental selection was played by Miss Margaret De Witt.

**FIRE IN GAUSE BLOCK SUNDAY
PUT OUT WITHOUT MUCH LOSS.**

Although the fire early Sunday morning in the Gause block on South Sandy street threatened for a time to be very serious, it was extinguished with the chief damage to the stock of household furnishings and furniture belonging to Harry T. Sperry. Besides the loss to the goods holed were burned through the floor and the plate glass window in front had to be broken by the firemen. The Thompson Produce Co. suffered a loss of a hundred dollars or so from the water which ran into their cellar. Insurance was carried on both the stock and the building and although the loss has not yet been estimated it is probably pretty well covered. The cause of the fire remains a mystery.

POLICE NEWS.

A man giving the police the name of Henry Jackson was arrested by Patrolmen Tuttle and McGinnis after he had tried to sell some postage stamps to Louis Piepenbrink. The stranger when searched had in his possession a bunch of keys belonging to the Associated Charities office and three skeleton keys. He had, too, half a dozen pencils of the kind used for drafting. Some of them were "Kah-i-nor" brand and others graphites and pantographs.

Sunday night the police raided the Chinese laundry in the Calhoun building on East street. Two Chinamen and two white women were arrested and fined \$10 and costs each for disorderly conduct.

Notice to Poultry Raisers

We are now manufacturing, under state license, the best brand of chicken food on the market, known as "SUPREME CHICKEN FOOD." This food is far superior to any brand of chicken food on the market today. It is guaranteed under the Pure Food & Drugs Act, June 30, 1906, serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT 6 to 8 per cent.
PROTEIN 22 to 24 per cent.
FIBRE 7 to 9 per cent.

WHAT IS "SUPREME CHICKEN FOOD?"

It is a combination food consisting of meat scrap, steamed bone grit and a small percentage of clam shell grit; all clean and in a uniform size, and can be fed to large and small fowls. "SUPREME CHICKEN FOOD" is guaranteed to make your hens lay. It is the only ideal food for fall and winter use. Put up in 50 and 100 pound bags.

Price per 50 pound bag \$1.50
Price per 100 pound bag \$3.00

We are also manufacturing, under state license, the best brand of hog food on the market, known as "SURE FATTEN HOG FOOD." It is far superior to any brand of hog food on the market today. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT 10 to 14 per cent.
CRUDE PROTEIN 52.50 to 60 per cent.
CRUDE FIBRE 1 to 3 per cent.
PHOSPHATE 10 to 12 per cent.

WHAT IS "SURE FATTEN HOG FOOD TANKAGE?"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil-meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sacks, plainly marked "SURE FATTEN HOG FOOD." Analysis as above. It is the ideal feed to balance rations.

WHAT "SURE FATTEN HOG FOOD" TANKAGE DOES.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one-third of the feed bill, one-third of the labor, one-third of the risk, increasing profits one-third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. "SURE FATTEN HOG FOOD" Tankage fed hogs ship well with small shrink. While in no wise a medicine, it so fortifies and strengthens the system against attacks of disease germs that "SURE FATTEN HOG FOOD" TANKAGE fed hogs are universally healthy. Manufactured by the

THE JACKSONVILLE JOURNAL
Established 1843

Published by
JACKSONVILLE JOURNAL CO.

A few months since when a government vice inquiry employee came to Jacksonville to investigate conditions local authorities knew nothing of his presence until the investigation was completed. His report was that Jacksonville is one of the most moral cities he had ever visited. Had this investigation been made six years ago, before the saloons were voted out, do you think, Mr. Voter, that the report would have been the same?

A Jacksonville man who has several sons and who by the way is a teetotaler himself, has never specifically urged his boys not to drink or to refrain from other habits. He has simply said to them: "My sons, all I ask of you is to have your conduct such that at night you can look into your own mirrors and with unflinching eyes, say that you have done nothing of which you are ashamed." That father believes that if he were to vote for the return of the saloons that he could not stand the mirror test himself.

The board of education last night let the contract for the erection of the eighth grade building and John Wolke, the contractor, has announced that he will begin work as soon as the weather will permit. The public will be glad that this work is now to proceed for there was a general feeling that since the board had acquired a building site and the greater part of the money for the needed building that the building should be commenced speedily. The bids received are accounted as very low and the fact that Mr. Wolke made an error of \$2700 further reduced the figures. It seems, therefore, that the public is to secure a handsome building at a low price and no doubt the efficiency of Jacksonville's already excellent school system will be increased by the new facilities.

"There is nothing to the argument that in cities where saloons exist all the drunken men get out on the streets, and that in dry cities the intoxicated ones are at home or in other sheltered places where they are not seen." This was the statement yesterday of a well known Jacksonville man, one who by the way is highly esteemed in the community. Further he said: "I know because I traveled the paces myself and many is the time that I have been laid out in the back room of a saloon to sleep off the effects of booze. The bartenders are instructed to take care of patrons that get too much and not to allow too many of them to get to the streets and thus bring odium on the place."

The "wet" committee, it is understood, has had some photographs taken which will show beer cases and kegs piled up in the rear of an express office and loaded on express wagons. These pictures may be works of art but will not provide convincing argument for the open saloon, with its constant invitation to excesses in drink and other evils.

FORMER MAYOR KILLED.
East Orange, N. J., Oct. 27.—Former Mayor Walter A. Flint of this city was killed outright when the automobile in which he was driving was struck by a trolley car and turned over. Mr. Flint was thrown headlong against the stone curbing of the street and his neck broken and his skull fractured.

ROCKFORD BANK CHARTERED.
Springfield, Ill., Oct. 27.—The Winnebago Bank and Trust company located at Rockford, Winnebago county, was chartered today. The capital stock is \$250,000. The incorporators are William T. Robertson, Chandler Starr and E. P. Lathrop.

ALABAMA GIVES PRESIDENT WILSON AN ENTHUSIASTIC HEARTY WELCOME

come along," came from the feminine contingent.
"I wish she could too," replied the president. "She's much better looking."

The people jammed the station yards at Montgomery and gave the president a rousing cheer as the train pulled out. At Opelika and other stations along the way the crowds waited until long into the night for the president's train.

Though in receipt of messages on the Mexican situation the president made no announcement nor had he anything to add tonight with reference to his speech at Mobile earlier in the day.

Arrives in Montgomery.

Montgomery, Ala., Oct. 27.—President Wilson arrived in Montgomery at 6 o'clock this evening. His train stopped only ten minutes but the president because of hoarseness did not attempt an address. Several thousand people were at the station and cheered him when he appeared on the platform of his car.

President Retires.

Atlanta, Ga., Oct. 27.—President Wilson had retired when his train reached Atlanta at 11:35 o'clock. After a stop of a few minutes to change engines the special proceeded toward Washington.

RESULTS OF MEXICAN ELECTION MAY NOT BE KNOWN FOR SEVERAL WEEKS

(Continued from Page One.)

Huerta's declaration that congress must declare these votes illegal. The ayuntamiento has been called to meet Nov. 2 to pass upon the ballots for senators and deputies.

No Developments in Washington.

Washington, Oct. 27.—Reports from the British foreign office that Great Britain would do nothing in the Mexican situation now that the election has been held in the southern republic without consultation with the United States aroused interest in official circles here today and added strength to the persistent intimations that the American government plans a note to the powers which may result in a concerted Mexican policy for the future.

Secretary Bryan when shown dispatches from London which asserted that Great Britain's recognition of Provisional President Huerta was given to extend only until the elections stated that such had been the understanding here all the time. When asked if a note was in preparation which would open the way for negotiations with the foreign powers he said no statement or intimations along this line would be given at this time.

Will Receive German Cruiser.

Mexico City, Oct. 27.—The commander and several officers of the German cruiser Hertha arrived here today from Vera Cruz. They will be received by President Huerta tomorrow.

London Papers Comment.

London, Oct. 28.—Commenting on the result of the Mexican elections the Chronicle finds much resemblance between the present aspect of affairs in the United States and that which apparently exists in Mexico. The Daily News calls the election a farce.

The Daily Graphic says: "General Huerta must be a shallow man if he thinks that the trick he played on the United States will modify the attitude of the Washington cabinet. All the dilemmas he may devise for the United States will not avail him."

WILL OF THE LATE ADOLPHUS BUSCH TO BE PROBATED TODAY

Will To Be Probated in St. Louis
Today Will Dispose of Holdings
Aggregating \$50,000,000.

St. Louis, Mo., Oct. 27.—The will of the late Adolphus Busch, who was buried here Saturday will be probated in St. Louis tomorrow and will dispose of holdings aggregating \$50,000,000. It was authoritatively stated tonight.

From the same source came the prediction that the trust company would be formed to handle the vast interests of the will. It is believed Charles Nagel, former secretary of commerce and labor, now counsellor for the Busch family will head the trust company.

The following estimate of Mr. Busch's holdings was made public tonight: In breweries, \$13,000,000; railways, \$3,000,000; St. Louis realty, \$9,000,000; Texas realty, \$7,000,000; Chicago realty, \$5,000,000; Pasadena, Cal., realty \$1,000,000; realty in Germany, \$1,000,000; in Cooperstown, N. Y., \$1,000,000; Caddo oil fields, \$1,000,000; Local bank stock, \$574,000; personal property, \$400,000.

No detail as to the disposition of all this wealth has been given out. It is believed, however, that the great bulk of the estate will go to the widow and her children.

TUBERCULOSIS OF BRAIN FATAL.

Vallejo, Cal., Oct. 27.—Paymaster U. S. Ammen, U. S. N., retired, died at the Mare Island hospital today after having been treated for several months for tuberculosis of the brain. He was the son of Rear-admiral Daniel Ammen, who fought in the Civil war.

REPLY TO "DENIALS" OF W. A. GARDNER

(By S. H. McCausland)

1st. We (the drys) deny that any city ever became great or good because of the immorality of its women or the drunkenness of the men.

2d. We deny that righteousness can come except by obedience to the laws of God. We are not fighting temperance, but intemperance, which is a violation of the admonition "Be temperate in all things."

3rd. We deny that Paul said "Temperance came by the death of Christ."

4th. We deny that Christ ever made or drank fermented wine or any other intoxicant.

5th. We deny that it is immoral to follow his example. If W. A. Gardner will turn pure, clean water into wine without adding to or taking from the water any substance whatsoever, we will furnish him 1,000 "drys" in Jacksonville to drink his wine. Follow his example, "thou champion of the saloon."

6th. We deny the right of these defenders of "personal liberty" to give an incorrect version of the scriptures in order to boost the work of Satan. Duet 14:24 reads: "If the way be too long for thee, so that thou art not able to carry it" (the sacrifice) then thou shalt turn it, the sacrifice into money, and shalt

go into the place which the Lord thy God shall choose. (Not to the saloons unless God chooses them) and thou shalt bestow thy money for whatsoever thy soul lusteth (including strong drink), and thou shalt eat there (in the place which God shall choose) a sacrifice to the Lord. Is this the object for which men buy strong drink? Are the saloons the places God chooses for the sale of sacrifices?

7th. We deny that Mohammed or Christ ever established or advocated the establishment of saloons.

8th. We deny that any man ever pleaded clemency for a crime enacted because he was "sober." Were it not for the unlawful acts of the wet states there would be much less crime in the dry ones.

9th. We deny that 120 per cent, or even 2 per cent of the wealth of the world is in the hands of drunkards or drunkard makers.

10th. We deny that the anti-saloon league is trying to "regulate" the tastes of men, but to prevent the establishment of places where an unnatural taste may be acquired.

11th. We deny that prohibition does no prohibit. Prohibit, in its specific sense, means to forbid, not to prevent. God's laws prohibit sin, but do not prevent it. The laws of society prohibit (forbid) many things, such as counterfeiting, white slave trade, bootlegging and stealing, murder and these prohibitory laws do not prevent all crime, yet we think them beneficial to society. Why have laws to regulate saloons?

12th. We deny that it is Christian to rob a boy, directly or indirectly, of physical, mental or moral manhood, or a girl of her virtue, to accommodate a few saloon keepers who are unwilling to work for a liveli-hood.

13th. We deny that it is right to establish saloons for bad saloon-keepers.

14th. We deny that it is right to maintain an institution of evil whether or not it be abused.

15th. We deny that money spent for booze anywhere is a good investment for business men, except the brewer and saloon keeper.

16th. We deny that sobriety breeds sneaks, flars, perjurers and these are the legitimate off-spring of the legalized saloon. The young man who grows up sober does not have these excellent qualities attached to his reputation.

17th. We deny that society has no right to protect itself from the evil of any man or anything he possesses. It has a right to compel every man who receives its protection to his life, his liberty and his property, to appropriate a portion of his money—in taxes—toward the support of this protection. It also has a right to say what he shall not do with his money in establishing pest houses, rendering works or anything else that is detrimental to the best interests of the community. This answers No. 19 also.

18th. We deny that the establishment of saloons is in accordance with the principle of the moral law "Voe unto him that giveth his neighbor drink, that putteth the bottle to him and maketh him drunk also." Heb. 2:15.

19th. We deny that saloons and their concomitant evils have any part whatever in promoting any moral or Christian virtue, but are wholly destructive of these principles.

20th. We deny that policemen's clubs were ever intended for the promotion of temperance, but to protect the lives of the victims of the intemperate. We assert that Jesus Christ never preached, nor authorized any one else to preach the gospel of brewers, distillers, saloon-keepers, drunkards, licentiousness and thugs, but to preach his (Christ's) gospel. "The servant is not greater than his lord." "Follow his example." "Personal liberty prohibitory laws." Prohibit us from opening a saloon upon a fine of \$1,000.

Prohibit us from keeping gambling

hells and brothel rooms on our premises.

Prohibit us from selling booze to minors, women and habitual drunkards.

Prohibit us from having screens before our doors or windows.

Prohibit us from having our places of business open after certain hours.

Prohibit a poor man from going into the business by high license.

Prohibit bootlegging in order that the money from this source may flow into our coffers, etc.

These are some of the prohibitory laws demanded by this "personal liberty loving" (out of business) men's association. Why do they not demand these same "regulation" laws for other lines of business? Why, indeed demand these laws for their own business if it has a tendency to educate and elevate the morals of mankind?

FALLING HAIR

Is Easily Stopped; Also Dandruff and Itching Scalp—Use Parisian Sage.

Since Parisian Sage, the remedy that removes dandruff with one application, has been placed on sale thousands of purchasers have found that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped and that hair which is brittle, matted, stringy or dull and faded, can be made soft, fluffy and abundant.

To everyone who wishes to eradicate dandruff, stop falling hair and have an immaculately clean scalp, free from itching, Coover & Shreve agree to sell a large 50 cent bottle of Parisian Sage with a guarantee to refund the money if not satisfied. It is an ideal, daintily perfumed hair tonic, free from grease and stickiness. Delighted users pronounce Parisian Sage the best, most pleasant and invigorating hair tonic made.—Adv.

HAS BIG FRUIT CROP.

L. W. Calloway, the well known fruit man of the vicinity of Bethel, has demonstrated the value of intelligent cultivation and attention to a fruit crop this year. He sprayed and cultivated his apple orchard with care and was rewarded with an abundant crop of valuable fruit, much of which he sold at good prices on the trees.

A CHILD'S LAXATIVE

IS "SYRUP OF FIGS"

They Love to Take It and It Doesn't Harm the Tender Little Stomach, Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled.—Adv.

THE CHALLENGE

The Anti-Saloon League, which the Prohibition party accuses of four things, namely: "preventing the Prohibition party from growing, saved the Republican party from disintegration, gobbling up from 12 to 15 million dollars during its existence and increasing the output of breweries and distilleries and the consumption of that output"; this same league is leading the fight in this city. Sunday night their representative spoke at one of the local churches and indulged in the fond dream of what could be done for other Marys and Johns if people would spend their money as he advised them instead of buying intoxicating beverages. McBride's dream has been a dream for six years in this town. He told the merchants of this city the same old story that he told last night, that if they would vote out the saloons all that money would be turned into bank deposits; that the merchants would sell more clothes, more groceries, more shoes, more hardware, in fact, he pictured the same dream six years ago, that he pictured Sunday night when his imagination and his emotion carried him tenderly into the land of dreams, where he pictured his ideal civilization. But we have tried his plan for six years and the Marys and Johns are not buying more farm land, pianos, groceries, clothing, merchandise, etc. Last week a committee of ministers called on the business men, asking them to sign a statement that business is better at present than formerly under license. We ask the "Courier" to publish this list so that the people may come to the rescue of the struggling merchants.

But instead of business being better, it is worse; instead of property being higher, it is lower; instead of the businessman reaping a harvest, they are facing a financial funeral and carrying loans at the banks. We repeat what we have many times said, that the Anti-Saloon method is a failure and since the Anti-Saloon League is leading the fight we issue to them the following challenge:

"Resolved, That the prohibition of the manufacture and use of intoxicating liquor is wrong in principle, unchristian in character and powerless as a remedy for drunkenness."

This association will have a speaker at the Opera House Thursday night, who will take the affirmative on this proposition and divide the time with any man the Anti-Saloon League may select. If the League is sincere and want the men and women of this city to hear both sides of this question in a public debate, here is their opportunity.

Address your answer to this challenge to the Jacksonville Business Men's Protective Association.

SAM LANGFORD EASILY OUTCLASSES JACK LESTER

Scheduled Twenty Round Bout Lasts
But Four Rounds, In Which Lester
Landed But One Blow.

Taft, Cal., Oct. 27.—Sam Langford of Boston, the veteran negro heavy-weight demonstrated conclusively here today that Jack Lester had not right to enlist in the army or white hopes. The two met in a boxing bout, scheduled for twenty rounds, Lester was knocked down for the count of seven in the second round. In the third he landed his only blow of the whole fight a glancing swing to the mouth that drew blood but did no harm. In the fourth he was knocked down three times and was saved from being knocked out by the bell. When the going for the fifth round he was still groggy that he could or would not arise from his chair and the referee gave the fight to Langford.

NORTH CHURCH STREET

RESIDENT HAD CLOSE CALL

Mrs. Mary Smith Fell Before Engine on Wash. Track—Rescued By Lloyd Vasconcellos.

What came near being a very serious accident was averted Sunday afternoon by prompt and heroic action on the part of Lloyd Vasconcellos when he dragged Mrs. Mary Smith from in front of a Wash. engine. The near accident happened at the Wash. crossing on North church street. Mrs. Smith who lives on Church street not far north of the railroad was attempting to cross when in some way she became bewildered and fell on the track. An engine was moving toward her at the time she started to cross and the fact that she noticed it after she was on the rails no doubt caused her bewilderment. Mr. Vasconcellos was standing near by and when the lady fell he took in the situation at a glance. In a moment he was at her side and had pulled her from the tracks but not more than three or four seconds before the locomotive crossed the spot where she had fallen.

Stolen Hair Means Death.

In many parts of the modern world the believer in witchcraft still gets hold of hair, nail parings and so forth from an enemy's head and hands, and burns, buries or does something else with them in order to entail unpleasant consequences upon that enemy. And universal folklore reveals the concern of savages to dispose of their own hair and nail clippings to prevent an enemy from getting at them. Australian native girls who have had a lock of hair stolen from them expect speedy death as a certainty.

Doubling Human Life.

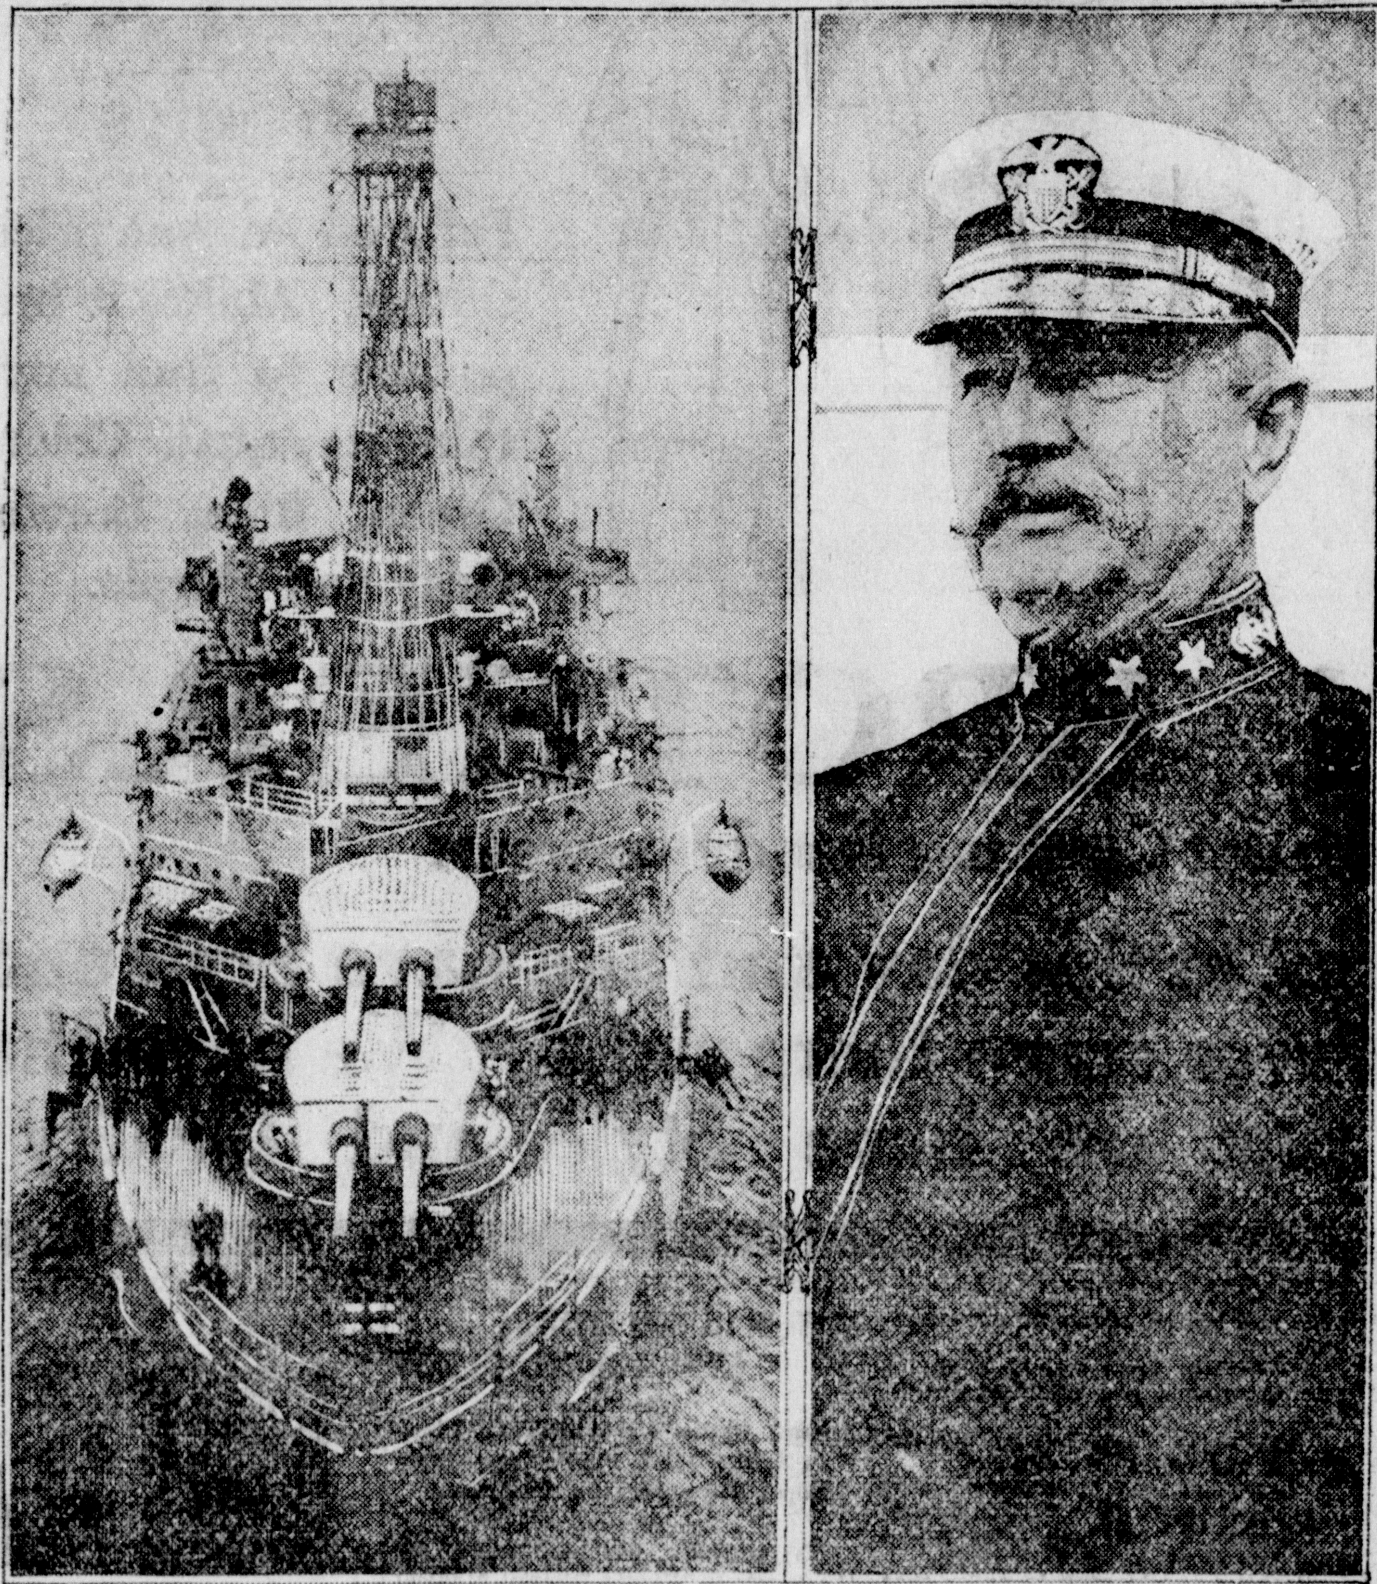

In 1866 the public health conditions of New York were in so low a state that the average length of life of the inhabitants was 39 years. In 1912 these conditions of life were 66 years. Thus the value of human life, reckoned in terms of time, had more than doubled in less than half a century.—Century.

Flagship and Commander of United States Fleet Designed to "Educate" Foreign Nations on Cruise.

Photos by American Press Association.

Unusual interest is being manifested in official circles at Washington in the cruise of the Atlantic fleet battleships to the Mediterranean. The cruise is a "courtesy trip," but it is being pointed out here that incidentally it will direct the attention of the world to two important facts. One is that American battleships in actual service are prepared to hold their own against any navy afloat except that of Great Britain, and that because of its geographical advantages the United States can dispatch its Dreadnaughts 3,000 miles from home shores without uneasiness. In addition to their present crews, the battleships carry 1,500 men from the naval training stations on the great lakes. One contingent of provisions for the ships includes 40,000 pounds of fresh beef and 129,000 dozen of fresh eggs. For the Mediterranean trip the battleships divided into three divisions, commanded by Rear Admirals Cameron, McR. Winslow, Frank F. Fletcher and Frank E. Beatty. Rear Admiral Charles J. Badger is in command of the entire fleet of nine battleships, and his flagship is the Wyoming. The Wyoming is shown, together with Rear Admiral Badger, in the accompanying illustration.

LAWYERS START TO ORGANIZE

English Attorneys Plan to Form Body
Similar to the American Bar
Association in U. S.

London, England.—The idea of establishing in England an organization similar to the American bar association has been revived among British barristers by the detailed reports which are published here of the present American association meeting in Montreal, Quebec. The law society serves the purpose so far as the lower of the two branches into which the legal profession in England is divided, but the bar remains without any machinery for gathering opinions among barristers as to important legal matters, for the bar council is neither a representative nor a powerful body.

A scheme has been broached for holding in London during the last week of the long vacation a congress of barristers, at which politics, legal problems and other matters of special interest to the bar may be discussed. Out of this it is believed an organization similar to the American bar association might be developed.

The address of the British lord high chancellor in Montreal is published fully here, with the editorial prediction that Lord Haldane's utterances will help powerfully to cement Anglo-American amity. The Daily Telegraph says that the historian may some day look back upon it as one of the chief events leading to a new and beneficial relationship between three great peoples, the United Kingdom, the Dominion of Canada and the United States.

The Daily News says: "A year or two ago an attempt was made to effect a permanent arbitration treaty between this country and the United States. It failed for reasons which we regret; but peace between the English-speaking race rests on a surer basis than any arbitration treaty. It is founded on that common conscience to which Lord Haldane referred and there are abundant signs today that the example which the Anglo-Saxon race has given to the world will bear fruit in still wider species. If the democracies of Europe are true to themselves the abolition of armaments will not be so remote a dream as Lord Haldane seems to suppose."

Meteorite Falls Near Woman.

A meteorite weighing 37 pounds was recently the subject of discussion in chemical circles in Johannesburg, South Africa. The stone fell in Zululand a few months ago, and was not only noticed by an eye witness some 15 miles away, but fell within a few feet of a native woman, who gave information which led to its discovery. The meteorite cannot so far be broken. It is known, however, to contain platinum.

Woman's Rights.

A woman has the same human nature that a man has, the same human rights, the same human duties, and they are as inalienable in a woman as in a man.—Theodore Parker.

Most Dangerous of Minor Ailments

Of the minor ailments a cold is by far the most dangerous, not in itself but the serious diseases it so often leads to. Pneumonia and consumption always start with a cold. When you have a cold you are much more likely to contract the infectious diseases such as diphtheria, scarlet fever and whooping cough. Colds are easily cured, in fact, Chamberlain's Cough Remedy is famous for its cures of this most common ailment, and is pleasant and safe to take. Why take such desperate chances when so reliable and trustworthy a medicine may be obtained for a quarter. For sale by all dealers.

"A Little Bird Told Me So."

The popular expression, "A little bird told me so," used to convey the idea that by telling you would betray your informant, but is probably adapted from the twentieth verse of the tenth chapter of Ecclesiastes: "Curse not the king, no not in thy thought; and curse not the rich in thy bedchamber; for a bird of the air shall carry thy voice, and that which hath wings shall tell the matter."

Their Honeymoon.

A newly married couple living in Fulton took their honeymoon on a motor cycle. This department is not qualified to testify as an expert in the matter of honeymoons, but, believe us, motor cycling doesn't appeal to us as a start toward conjugal bliss. Some folks may call it exercise, but it looks more to us like sitting in a draft.—Kansas City Times.

To Clean Leather.

When the traveling bag becomes dirty wash the bag well with tepid water and a little soap. After it is dry put a little oxalic acid into a cup of hot water and wipe the bag with a soft rag dipped in the acid. When dry brush the bag with white of egg and you will be surprised to see how new it looks.

THIS SPACE IS CONTROLLED BY THE PUBLICITY COMMITTEE OF THE ANTI-SALOON LEAGUE

Woman's Excuses for Not Voting Answered by Woman Voter.

Shall Jacksonville Precinct Continue to be Anti-Saloon Territory?

Yes ☐
No ☐

On Nov. 4, 1913, the above question will be asked of every adult person in Jacksonville precinct who has lived in Illinois one year, in Morgan county ninety days and in the voting district thirty days. Each one of us, white and colored, male and female, naturalized and native born will have to render an account for the way we answer that question. A wrong answer or no answer at all are alike failure to reach the required standard. All know the right answer. It is Yes.

You cannot refuse to go to the polls and ease your conscience with the reflection that it will come out all right. As far as you are concerned you will receive the reward for your deed, whether the majority answer YES or no. This duty is yours. No one but you can perform it. Do you want that zero recorded against you? The failure will stand through time and eternity.

There is only one way to get credit for your answer, that is to go to the place appointed by law for the purpose on Nov. 4. Take the piece of paper on which the question will be printed, put a small cross in the square after the word yes.

fold the paper and hand it to the judge, at the same time giving your name and address. O, the simplicity of the means and the magnitude of the result.

When the opportunity is thus presented to strike a killing blow against the greatest evil that now menaces humanity it is nothing short of a crime to neglect to strike that blow.

The Demon Rum! Where is the woman who really wants this hideous, vile monster again legalized to do its nefarious, filthy business in our city? It has not one single redeeming feature. The Sunday Magazine, Oct. 19, supplement of the Chicago Record Herald, contains an article on the effects of alcohol. It begins with these words, "The most eminent living authority on nervous and mental diseases, himself a drinking man, predisposed in favor of liquor, has reached the conclusion that alcohol is the greatest ever heard of of all factors in the deterioration of humanity." That scientist is Dr. Emil Kraepelin, of the University of Munich. The syndicate controlling the Sunday magazines is not in the employ of any temperance society, it is just keeping up with the progress of humanity.

No woman can hide behind the excuse that she did not seek the ballot and does not want to vote. Not one of us asked for life or wanted to be created a human being, but who into the world committing suicide because it did not want the responsibility of living? No, the new born child makes a desperate effort to live, and will live if given a fair show. No more should we women commit political and moral suicide because we do not want to vote. We have never voted, how do we know we do not want to? We do not hesitate to try new things of a material nature. In fact we all like to build new houses, to get the very newest in furniture, rugs and curtains, even before our neighbors. Every one of us would be perfectly willing to own a 1914 model automobile. And as to our clothes, to have to wear shoes, hats, sleeves and skirts of the model of 1906! We would never step outside the door if we had to appear in such things.

Make the year 1914 a memorable one in your life. With high resolve and courage dare to do this thing. In the course of our lives it is often necessary to do a deed for the first time. There was the first time you donned long dresses and did up your hair, the first time a bashful young man took you a shy young lady to an evening entertainment, or called to spend the evening. What if there were some painful pauses and a few trying moments of self-consciousness, on the whole it was quite delightful and you were willing to undergo the embarrassment again. Then there was that single time that you got married, took a vow that tied you up to one single man for all your days. Some women even do that more than once. O, many an event has happened to you for the first time and you have survived, just as you will this. It has a renewing effect upon ones vitality, gives a keener interest in life, broadens our outlook on the world, makes living more worth while if we can have a new sensation now and then. Try it, go to the polls and vote Nov. 4.

Some women have feared that men would ridicule them and have less respect for them if they went to the polls and voted. Never fear that, in the course of time their respect for women will be very much increased in all material ways. Most of the men who do duty at the polls on election day are engaged in some sort of business in this city, and they all want our money. We women are the spenders. We buy almost all the supplies for the house and clothing for the various members of the family. As the men about the polls want our trade, they will seek our favor. The last time I voted for school board member the man who took my ballot was the man who sells me shoes. Do you suppose that taking that piece of paper from me made him regard me with any less favor than trying ten or twelve shoes on my foot?

Another excuse offered by many a woman is that she does not have time to vote. That woman's place is in the home where it has always been. Woman's place is most emphatically in the home, but some who have made that excuse are not in their homes as much as they should be. They spend a great deal of time away from their homes and families in very unprofitable, not to say questionable pastimes. But the world progresses. Lack of time is no longer the good and valid excuse it might once have been. Our clothes, our food, our house furnishings, our light are all manufactured for us outside the home. Comparatively little of the drudgery that woman formerly was compelled to endure now falls to her lot. Increasing numbers of women now have no duties at all. While every woman lives in a community and is affected in many ways by its influences, whether she realizes that fact or not. A clean city, without legalized vice is a much more desirable place to live than a city with twenty or more licensed dram shops, every one of which is a center for corruption of the worst kind.

A number of women have offered as an excuse for not voting that saloons do not interest them, they are not injured by them as none of their family drinks. Oh, the selfishness and narrow-mindedness of the soul who utters such words, and for considers only its own personal pleasure. What kind of a world would this be to live in if no one interpreted the Golden Rule in a better way than that? Suppose one that you love dearer than you love your own life was tempted when the vile stuff was presented in a brilliantly lighted room amid music and gay companions. Suppose he could not resist the temptation. Would you not want others to help you remove such temptation from such a one? How would you feel when you had implored for help to receive such a reply? Scores are now seeking your help for just this reason. Do not refuse it. "Where is thy brother?" is a question that is still in force. As it was one of the first questions asked by God of man, so it will be one of the last.

But from a purely selfish standpoint you are affected by saloons. The number of drunken men upon our streets and lying in the gutters decreased in a perfectly amazing way when the saloons were closed in Jacksonville.

I know about this matter from personal observation, not hearsay. I have spent a large portion of my time for the past nine years in a place of business on one of the most frequented thoroughfares in the city. I also lived during the past seven years where I had the very best opportunity to observe the condition of our streets and city in general, both night and day. Drunken drivers of farm wagons and carriages have not existed here since saloons went out of business nearly six years ago. Drunken boys and men on their way to the trains going to nearby towns and farming communities likewise are seen no more. How proud I always am at the thought that visitors and traders in our city are permitted to go away as they come, sober and in their right minds. There is great satisfaction in the thought that these are the conditions.

There are nine persons in our family, all engaged in affairs outside the home, our business and recreations take us to all parts of the city, and we keep our eyes open as we go, yet not one of us has seen or heard a keg party! Of course we know they exist, because other people say they do, but my children do not share their vision defiled by them as they would by the open saloon located on the most prominent streets and corners.

Several times has this excuse been offered: "Voting is man's business, let the men attend to it." I ask you who put the bill through the legislature giving women the right

to vote? Who signed it? All this was done by men. It was introduced into the legislature by a man, voted for by men and the majority of the state legislators at that, and signed by a man, the governor. The making it become a part of the law of the land. Every one of the men received his office by the vote of other men, the majority of the men of Illinois, to whom they are accountable for their deeds. Do it not look as if the men wanted to vote? Women have always on their shoulders the wheel in the cause of humanity. Will they fall do so now? There was a time when women were so burdened by household duties that they were not even permitted to receive an education. As soon as conditions of life became easier women at once set about demanding an education. Today we find the number of women in the schools and colleges far surpassing the number of men. Would it be right for that large body of citizens having the greater percent of trained mind and cultivated intellects to leave the problems of local government to the other body of citizens having the larger number of ignorant and stupid members, and a very much larger number of wicked and vicious members? We can meet this responsibility by going down and voting it will take but a few moments of our time and none of our strength.

Do you believe that putting the ballot into the hands of women would be used in such a cause as this? an accident? Did it happen by chance that the influence of a few women and an efficient, noble-minded body of our state legislators, with the co-operation of our governor should have given women the right to vote? Do you believe that anything so far reaching in its results could have happened by chance. Clearly the Lord himself has given women the powerful weapon so easy to wield and so effective. That little cross in the square, after the words yes if deposited by enough women will keep twenty or more saloons out of our city.

Who of you wants your son to be a regular patron of the saloon, or perhaps become a drunkard, as many a woman's son has? Who of you wants her daughter to marry a man who frequents saloons and spends the money there which he should use in educating and equipping his children for useful happy lives, and providing himself with a surplus of sickness or old age? Who of you wishes to see more children added to the already number of the physically, mentally and morally imperfect, of which alcoholism is the greatest contributing cause? Who of you wishes to fill our town with drunken brutes a menace to the safety of every woman and girl? Who wishes to have our streets infested with tipsy auto-drivers endangering the life and limbs of the blind, the deaf, the infirm and even the quickest and most agile of all? You do want all these things unless you are willing to use the means that God has put into your hands to prevent the return of saloons to Jacksonville. When the final great awards are given the will be of different degrees of magnitude. Some will receive just crowns, others will have many stars in the heavens, because they have done more than the least possible. If you wish to be among those who are willing to be used to it that your acquaintances and neighbors are posted as to how, when and where to vote. Don't tell somebody else to do it. Do it yourself, and in a kindly, helpful spirit. Offer to go to the voting place with the old folks or thin ones who would like your assistance. Be sure that they know just how to do it before they go. Get sample ballots every afternoon at the Y. M. C. A. and have your friends practicing marking them so there will be no mistakes made at the election. A mistake there can not be rectified.

Local option elections will be held in twenty-three Illinois municipalities next month under the city and village local option law. The women will have their first chance to vote on the saloon question. It is generally held that everyone of the twenty-three places will go "dry." Information from the various localities shows the women organized a most solidly against saloons.

The elections are possible at this time because general elections will be held in the sixteen counties of the state under township commissioner. Nearly all these places are in southern Illinois. Beardstown is our nearest neighbor voting at this time. Jacksonville is the largest city on the list and the only one no dry. Women, we must not, we can not lose this fight. Let nothing keep you from casting your vote at this time. All eyes are turned on the women of Jacksonville.

Several times has this excuse been offered: "Voting is man's business, let the men attend to it." I ask you who put the bill through the legislature giving women the right

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer Such Disheartening Experience.

No case of poisoned blood is ever cured until the last destructive germ has been eliminated from the system. And the only remedy that is assimilated in the tissues and stimulates cellular activity to overcome harmful germs is the famous blood purifier, S. S. S.

The skin is but a fine network of tiny blood vessels, and the specific action of S. S. S. is declared by eminent authorities to be a pronounced stimulation of the activity of these cells.

The reason for this is in the peculiar action of S. S. S. which enables the cells in the skin to select from the blood the nutriment it requires for regeneration.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kidney troubles, S. S. S. so directs the local cells that the poison is ejected and eliminated from their presence.

This fact has been demonstrated year in and year out in a wonderful number of cases of severe skin eruption that had seemed to be incurable.

You can obtain S. S. S. at any well stocked drug store, if you insist upon it, but be sure you are not talked into something "just as good."

S. S. S. is prepared by the Swift Specific Co., 215 Swift Bldg., Atlanta, Ga.

Is Uncle Sam Keeking an Eye on Mexico? These Graphic Pictures Give You the Answer

Few people realize just how much concerned the authorities at Washington are over the unsettled conditions in Mexico. Intervention by American troops is likely to occur at any time, and large bodies of troops and detachments of artillery are stationed at points along the border. In the lower one is seen a brigade review at Galveston.

CRAWFORD MILL BURNED TO GROUND SUNDAY NIGHT

Flames Fanned by Breeze Made Speedy Work of Destruction—Loss Will Be \$9,000—Will Rebuild at Once.

The Crawford Planing mill is in ruins today on account of a disastrous fire which took place late Sunday night. The machinery of the mill is a tangled mass of iron and steel and little but the walls are left of the building. The cause of the fire is unknown but it seems to have started somewhere in the second story. The insurance rate on such buildings is very high because of the quantities of inflammable materials always carried on hand and the Crawford company therefore did not carry a great amount of insurance. The insurance is \$3,000, which will be only about one-fourth of the loss, which is estimated at \$12,000.

Other Buildings in Danger.
The fire had gained great headway before it was discovered and the firemen could do nothing at all towards saving the building as when they arrived it was a roaring furnace. Their attention therefore was devoted to saving the Crawford houses which are very close to the mill, and also in saving other nearby property. The wind which had been very high during the early part of the night had subsided somewhat at the time of the fire and this fact was of advantage to the firemen, as was the fact that all nearby roofs and buildings were soaked with rain and sleet. The heat was so intense, however, that great coils of fire were thrown high into the air and the firemen and others who volunteered were kept busy guarding the roofs of some buildings several blocks away. Chief Woods sent notice to the opera house block and the Woods barn and men were stationed on the roofs to extinguish any sparks which came that way. As the wind was from the north all the burning material which was thrown into the air was blown to the buildings south. Five streams of water were used on the fire and on surrounding buildings and it was only by the most arduous work that the residences of W. A. and E. W. Crawford, which are near the mill, were saved. The building of the Jenkinson-Rode company, which was close, was also threatened but as it is of brick and iron construction, the danger there was not so great. As it was the point on the north sides of the Crawford houses and on portions of other buildings was burned and blistered and some little damage was done to the roofs of both houses.

Burning Fiercely When Discovered.
The fire was discovered by John Ricks of the city light plant, who while wheeling a barrel of ashes from the light plant noticed the odor of burning paint, and also the light in the sky a block or two east of the plant. He gave the alarm and it was shortly after that the firemen arrived at the scene. Members of the Crawford family did not know of

the fire at the time it was discovered by Mr. Ricks and a few minutes afterward when they looked out of their windows it was to discover that the mill was one mass of flames. E. W. Crawford was able to carry out the typewriter and some few books from the office and to run out the automobile from the garage adjoining the mill. Practically nothing else was saved. The books and records of the planing mill and of the lumber yard are kept in a vault adjoining the office and were found in good condition.

Considerable inconvenience attends the fire aside from the loss as both of the Crawford houses were heated and lighted from the mill. The loss on property includes considerable finished mill work and other work which was being made ready for delivery. The damage to finished and unfinished material is about \$2,000. While the loss will be heavy it is fortunate indeed that the fire was kept from the lumber yard, as a large and valuable stock is kept there.

Will Rebuild at Once.
It is the intention to rebuild at once and as a matter of fact the work of clearing away the debris was commenced Monday morning. It was just about twenty-two years and nine months since that Mr. Crawford suffered loss by another fire. He was down in Winchester at the time attending a Masonic gathering and was notified by telephone that the mill was burning. It was a frame structure and was completely destroyed. Immediately afterward work was begun upon the brick building which was burned Sunday night.

While mill work cannot be done just at present by the Crawford company, the lumber yard was not damaged at all and lumber, sash, doors, etc., are carried there.

The work of the fire department was satisfactory and the men put up a stubborn fight against an extremely hot fire.

Stain Remover.
It is sometimes difficult to keep the kitchen paper free from grease stains. They may be removed entirely if a mixture of pipe clay and water made the consistency of cream is spread over them and allowed to remain overnight. In the morning it should be removed with a clean brush or cloth.

Few See Things as They Are.
The mass of mankind will never have any ardent zeal for seeing things as they are; very inadequate ideas will always satisfy them. On these inadequate ideas will always repose, and must repose, the general practice of the world. That is as much as saying that whoever sets himself to see things as they are will find himself one of a very small circle; but it is only by this small circle resolutely doing its own work that adequate ideas will ever get current at all.—Matthew Arnold.

Love Is Similar to Sunlight.
How the sunlight seems to watch for a chance to get through the small opening in the clouds! Love, which forgives because it is love, and which waits for every opportunity to manifest kindness, is not going to wait to be asked to forgive. Ignore the wrongs you receive and think over the good that has been or yet may be, and the evil will dwindle into nothingness.—Robertson.

Critics, Take Notice.
Great writers cantingly criticised by small writers—of whom Dr. Parr might be happy to say, that they have profundity without obscurity—perspicuity without prolixity—ornament without glare—terseness without barrenness—penetration without subtlety—comprehensiveness without digression—and a great number of other things without a great number of other things.—Sydney Smith.

No "Floater" in 1700.
In parts of New England during the seventeenth century voters had to reside in a "stone house of the dimensions of 20 by 16 feet, with one or more brick chimney or chimneys." Each voter had also to be certified by his neighbors "of sober and peaceful conversation."

Soda crackers are more nutritive than any other flour food. **U need a Biscuit** are the perfect soda crackers.

Though the cost is but five cents, **U need a Biscuit** are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

PLAYS AND PLAYERS.

Doris Kean is appearing in Chicago in "Romance."

London has a new musical comedy entitled "The Pearl Girl."

Margaret Anglin is playing Shakespeare comedy in San Francisco.

Julie Herne is going to play a stock star engagement in Detroit.

Frederick Truesdell has been engaged as leading man for Henrietta Crossman.

DeWitt Jennings is playing the role of the police inspector in "With in the Law."

A new play is soon to be produced in Pittsburgh. It bears the title of "The Leper."

Charles Frohman has the American rights to a new Strauss opera, entitled "Love and Laughter."

Dorothy Donnelly is to make a starring tour about the new year under the management of F. C. Whitney.

The new play in which Cohan and Harris are present Douglas Fairbanks is to be called "Dollars and Sense."

H. Cooper Cliffe, who won renown as "Nobody" in "Everywoman," has been engaged to support Bertha Kalisch.

The Schuberts are to produce a comedy of New York life, by Albert Lee, called "Miss Phoenix," with Ann Murdock in the cast.

A new musical farce under contemplation is to be given the name of "September Moon" and produced in New York at an early date.

Columbia university is to add a play writing course to its extension department, and courses in moving picture scenarios may be added.

Regan Hughston has been engaged for the cast of the company to support Mabel and Edith Taliaferro in their new play, "Young Wisdom."

Late this month David Belasco will produce the new play by Roland Molineux called "The Man Inside."

The east will include Charles Dalton.

Paul Armstrong has written a spectacular drama of the Spanish Main, called "The Pirates." He also has comedy called "A Hunt for Happiness."

Frank Payne has interpolated in "The Rose Maid" a new waltz number called "Nights of Gladness," which he says is a sensation. It is by an Englishman.

William Harris, Jr. is getting ready to produce a new play by Paul Dickey and Charles Goddard, joint authors of "The Ghost Breaker." It is called "The Trifler."

What is supposed to be the first premiere of an American play outside of America was given at the Municipal theatre of Danzig, Germany, recently, when Herman Scheffauer's "The New Shylock," a play of Russian Jew life on the East side, was performed. The play has been purchased, it is reported, by the theatres in Bonn, Strassburg and Posen.

Stomach Trouble and Constipation Cured.

"I was sick for three years with stomach trouble and constipation, doctored continually with different physicians, with only temporary relief," says Mrs. Hester Waite, of Antwerp, Ohio. "A friend advised me to try Chamberlain's Tablets, which I did, and continued to use them for one year, and they completely cured me, not only of the stomach trouble but also of the constipation." For sale by all dealers.

Why Women Have Nerves

The "blues"—anxiety—sleeplessness—and warnings of pain and distress are sent by the nerves like flying messengers throughout body and limbs. Such feelings may or may not be accompanied by headache or dizziness or hearing down. The local disorders and inflammation, if there is any, should be treated with Dr. Pierce's Lotion Tablets. Then the nervous system and the entire womanly make-up feels the tonic effect of

Our town has been fortunate in securing an artist of ability: in fact he is a wonder to all who have watched him use his brush. He will sit down any time, any place, on the street, in the blacksmith shop or in the store, and paint a beautiful landscape from memory. Sign painting is one of his favorite occupations and he can certainly make them look good on any one. The town is being tiled with all paintings, because the work is good and the price reasonable; any one can afford to indulge in this art. This artist will paint you a picture in oil, such as you would pay \$25 for and charge you one dollar, and if you desire a number of these designs he will make them cheaper. Our citizens are offering inducements to this genius to become one of us and make his home here. He is not forgetful to entertain strangers, for thereby some have entertained angels unawares. Heb. 13:2.

THE TEMPERATURES.

The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, were: maximum 40, minimum 32, and .48 inches of rain and melted snow was recorded.

Mr. and Mrs. J. R. Hill of West Greenwood avenue were guests of Herman Shumaker of Buckhorn Sunday.

Don't Miss Selecting Your Piano Before Saturday Night

Only Six Days More of the Biggest Bargain Sale of Pianos that was ever put on in this City.

I am going to sell every piano left on my floor this week and somebody is going to get the best piano at the smallest price that was ever before heard of.

I have sold nearly two car loads of pianos in the last two weeks but some of my finest and costliest pianos are left. Such pianos as Baldwins, Ellingtons, and Hamiltons are good enough and do grace the homes of kings and the greatest artist in the world.

Do you want one of these great pianos?

If so come in at once. You will buy at your own price. Everything must go before nine o'clock Saturday night.

Your Opportunity Is Now

I have made good every promise I made. I have cut the prices to the quick. It's up to you Mr. Piano Buyer, take the cake while it is being passed. Next week will be too late. Come here today and get here quick or you will regret it later.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

RISE OF STOCK MARKET IS STEADY

FEATURE OF THE MARKET IS ITS STEADY STRENGTH

News From Mexico Tends to Restrict Volume of Speculative Trading—Traders Are Awaiting the Receipt of Information as to the Attitude of the Washington Government.

(By Associated Press)
New York, Oct. 27.—In a quiet, even way, stocks rose generally today. There was at no time a large volume of business and the significant feature of the market was its steady strength without driving power of an insistent demand to sustain prices on the upturn. Many of the leading stocks gained a point or more.

Reduction in the German bank rate from 6 to 5 1/2 per cent, contributed to the strength of the market. This change allayed apprehensions concerning money conditions and put an end to reports of another advance in the Bank of England's rate.

Although a minimum discount rate of 5 1/2 per cent implies anything but easy money any reduction at this time of the year is regarded as important. There was no material change in rates for time money here but call funds were held more firmly, late flurry sending up the quotation to four per cent.

The news from Mexico tended to restrict the volume of speculative trading. The reported failure of the elections yesterday caused traders to hold back pending the receipt of information as to the attitude of the Washington government.

Rock Island were strong and rather active both the preferred stock and the 4's making good gains.

MELANCHOLY WOMEN

Should Profit by Mrs. Hurley's Experience—Her Own Story Here Told.

Eldon, Mo.—"I was troubled with displacement, organic inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without cutting and drawing pains down my right side which increased once a month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world."

"After I had tried most every female remedy first, without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HOBLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

MAY MAKE INTERIOR CHANGES IN CITY BUILDING

More Room Is Needed For Water Department Office—Action on Bond Ordinance Deferred Until Report Is Made By University Expert—Talk About More Money For School Building.

At the city council session Monday morning action was delayed on the light and election ordinance pending the report of the electrical expert from the University of Illinois. Mayor Davis found that the council did not seem unfriendly to the proposition to increase the school tax levy a sufficient amount to permit the letting of the contract for a completed eighth grade building. Commissioners Brennan and Knollenberg were given authority to make some changes in the city building which will give more room for the water department office and make a hallway from the west to the east side of the building. Some other matters of business were also given attention.

A communication was read from William Klitner residing at corner West College avenue and West street, in which he said that he had not been able to find a contractor who would guarantee that the foundation of a concrete walk put in at this time of the year would not sink. He said that he therefore would not put down a walk unless the city would guarantee it and more over that he might bring suit against the city for an alleged error in the laying of the curb near his property. The matter was referred to Commissioner Newman and City Attorney Thompson. The commissioner intimating that he would insist that the walk be put down.

More Office Room Needed. Commissioner Brennan spoke to the council of the need of additional space for the water department offices and mentioned the inconvenience of having everyone who wishes to go from city clerk's office to the council room or engineer's office passing through the offices of the water department and of the mayor. He suggested that the room right north of the water department office, one of those used by J. M. Hurst, prison keeper could be so changed as to furnish the needed space for the water department and the passage way to the east part of the building. This matter was referred to Commissioners Brennan and Knollenberg and they have authority to proceed with the improvement or refer the matter back to the council.

Commissioner Brennan mentioned that the new engine was now connected up and he thought that today it would be possible to test it out and that the council might see it in running order. Commissioner Brennan when the clerk mentioned that the bond ordinance was ready for record reading suggested that owing to the fact that the Chamber of Commerce had secured an expert to look over the local situation, that as a courtesy to the business men of Jacksonville it might be well to let the ordinance lay over until a future meeting. Mayor Davis said that unless there was some objection that would be the order without a formal motion.

School Bond Tax Levy. Mayor Davis said that the council was probably familiar with the situation relative to the proposed new 8th grade building and that as he understood it the council had cut out the \$25,000 asked for in the tax levy because of uncertainty as to just how much would be required to complete the building. He said that in view of the bid that it was now certain that if \$10,000 or \$15,000 could be secured that it would be a sufficient sum to pay for the 8th grade building and for some repairs needed in the ward school buildings. The mayor said that he would like to know something about the attitude or feeling of the council in the matter as he expected to go to Springfield again today to consult Attorney General Lucey with reference to the possibility of having the tax levy ordinance amended to include the amount required and in having this sum spread upon the tax books. The mayor was in consultation with the attorney general a few days ago and Mr. Lucey asked for a copy of the charter of Jacksonville, and the Jacksonville schools before giving his opinion.

Mr. Newman was the only one of the commissioners that expressed himself in the matter and he said that he would be willing to grant a sum necessary to finish the building and for some repair work after the board of education had made a statement as to exact amount needed.

An ordinance providing for a concrete walk in front of Vickery & Merrigan's store and extending a distance of eighty feet west was given first reading.

Commissioner Engel called attention to the sidewalk ordinance for Hooker street on which he hoped for speedy action.

Secretary Fritchey of the Chamber of Commerce was present and expressed appreciation on behalf of the organization for the postponement of the light bond ordinance.

Discuss Car Lot Shipments.

There was some discussion about selling apples and potatoes in car lots as some merchants think a license fee should be charged where this is done. Mr. Brennan said that one trouble with the local situation was that too many merchants in selling their wares offered to give away goods not in their own line. He thought there was no reason in men giving away a watch, with a suit of clothes, nor a set of dishes with some other commodity. Mayor Davis and Mr. Knollenberg spoke of the difficulty of causing any license fee for potatoes and apples especially from the fact that in most cases the orders were solicited before the cars were received so that little selling was done from the car proper. They mentioned too that in these shipments people were often able to save considerable money and it was a question whether or not there was some obligation to look after the welfare of the average citizen as well as of the dealer. Mr. Newman said he thought that

the greatest good could be done a consumer if the council would pass an ordinance requiring that potatoes and apples be sold by weight instead of by measure. Mayor Davis said he had been trying to get the council to pass a weight and measure ordinance for some time but had been unable to get any favorable action. The council then adjourned.

Jacksonville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitor. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Jacksonville citizen:

G. V. Skinner, blacksmith, 853 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."

"When Your Back Is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

NEW \$100,000 PUMPING STATION INSTALLED AT SPRINGFIELD.

Four Hundred Business Men Make Inspection Tour First Day of Operation—Credit to Commission Form.

Four hundred business and professional men of Springfield witnessed the wheels turn for the first time Friday afternoon at the city built and city owned pumping station on the Sangamon river erected and furnished at a total cost of over \$100,000. The fact that the \$55,000 building and the \$52,000 engine together with almost \$200,000 worth of other improvements on the water system in the last four years have been erected and installed without the issuing of bonds reflects much credit, friends point out, on the new Springfield commission government.

The new pumping station building is built of brick, concrete and steel and is so proof against fire that no insurance is carried. The engine, of the vertical, tripple expansion, fly wheel type, has a working capacity of 7,000 gallons per minute, enabling the city to increase the water pressure to almost double what it has been. The total \$200,000 worth of improvement has been paid from the regular revenue, with water rates much lower than in many cities where the plants are privately owned. In 886 cities in which statistics are available, the highest average rate is 30.4 per thousand gallons; in Springfield it is 2.5 cents. The lowest rate in Springfield is 8 cents, as against 11.8 cents in the 880 cities.

INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapiesin!" In Five Minutes all Sourness, Gas, Heartburn and Dyspepsia Is Gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large 50 cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.—Adv.

A GREAT EDEIFE.

Mr. and Mrs. H. M. Andre have returned from New York where they attended the great Episcopal convention and much enjoyed the sessions of the important body. The meetings were held in the new cathedral of St. John the Divine which promises to be a structure of unusual magnificence when completed. It was begun on 140th street ten years ago and is far enough advanced to show what it will be. Mr. Andre says it is the expectation that it will far eclipse anything of the kind in the entire world though it may be twenty-five or even fifty years before it will have been finished entirely.

The great central apartment will be surrounded by seven chapels, two of which are completed. On the premises will be the schools, residences of the bishop and dean and other structures. The building proceeds as money is contributed for the work and it is the expectation that even the gorgeous and costly piles of Russian will not equal this in magnificence and splendor when it is completed.

Trade In Foreign Countries.

In foreign countries you come into competition with the best goods from every land. An article must have merit of the highest order to win esteem. In many of these countries Chamberlain's Cough Remedy is the most popular medicine in use for coughs and colds because it is the best. For sale by all dealers.

Mr. and Mrs. J. O. Brown of Sinclair were shopping in the city Monday.

NEWS FORECAST FOR THE COMING WEEK.

The Southern Commercial congress, which will hold forth in Mobile during the first half of the week, promises to be a most notable gathering. The convention theme will be: "The Relation of the United States to the Panama Canal, to Latin America and to World Commerce."

According to the latest advices from Europe the marriage of Miss Nancy Leishman, daughter of the former American ambassador to Berlin, to the Duke of Croix is to be performed Tuesday in the cathedral in Geneva, Switzerland. The engagement of Miss Leishman and the Duke of Croix has attracted much attention because of the "dynastic" objections of the duke's German relatives. It has been said that the members of the duke's family may contest the validity of his marriage to an American girl, who can never, in Germany, at any rate, legally call herself the Duchess of Croix or enjoy any rights at a German court.

The national convention of Methodist men, which is to begin its sessions in Indianapolis Tuesday, will be the first gathering of its kind in Methodism. Three thousand lay and clerical delegates from every section of the country will meet to discuss the united missionary work of the Methodist Episcopal church.

The second annual convention of the Investment Bankers' Association of the United States will meet in Chicago Tuesday for a three days' session. This is expected to be the largest convention of investment bankers ever held and representatives from about 500 of the leading investment banking houses in the United States and Canada will attend.

Hearings of arguments on the appeal of the officers and members of the International Association of Bridge and Structural Iron Workers

who were convicted and sentenced to Leavenworth prison in the dynamite cases, are scheduled to begin Wednesday in the federal court at Chicago.

Following a spirited campaign a general election will be held in New-Hampshire on Thursday. The rival parties are headed by the present premier, Sir Edward Morris, and the ex-premier, Sir Robert Borden.

Among the notable gatherings of the week will be the convention of the national W. C. T. U. in Asbury Park, N. J., and the annual meeting of the National Association of Railway Commissioners, in Washington, D. C.

RUB RHEUMATIC PAIN FROM STIFF ACHING JOINTS

Rub Soreness From Joints and Muscles With a Small Trial Bottle of Old St. Jacobs Oil

Stop "dosing." Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" conquers pain. It is a harmless local rheumatism cure which never disappoints and doesn't burn or discolor the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling.

Linger up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness.—Adv.

German Emperor Says "Alcohol is Sworn Foe of Efficiency"

According to press reports the German Emperor has found by experiments on himself that liquor, even in small quantities, lessens efficiency.

That alcoholic liquor of any kind taken into the system constantly or excessively "is decomposed into some form of aldehyde to remain in the system as a cumulative poison," is a scientific medical fact corroborated by the many wrecks of formerly good men found in every community.

The experience of Doctor B. E. Neal and associate physicians in charge of the 60 splendid Neal Institutes located in principal cities in the successful treatment of over 20,000 persons, proves that no man can or will stop drinking or regain health until this "cumulative poison" is eliminated from the system.—Three days time, in any average, ordinary case, up to seven days in

more severe cases, spent in taking the Neal treatment in the privacy of the home or at any Neal Institute will remove the cause and overcome the effects of the use of liquor or any drug in 7 to 21 days.

The Neal three-day treatment consists of harmless medicines taken internally. Guaranteed no hypodermic injections or bad after effects.

We invite the high class busy man who knows he is "drinking to much" to be "our guest" for three short days—the week end vacation—at the head Neal Institute, No. 811 E. 49th St., Chicago. Phone Oakland 433 or near Country Club SPRINGFIELD, ILLINOIS. Main 6868 holding this as our absolute agreement that no charge will be made unless he is entirely satisfied at the end of the treatment. LAY PLANS TO ORGANIZE CITY
INDOOR BASEBALL LEAGUE

Men Meet at Armory Hall Monday
Evening and Arrange for Game
Tuesday, Nov. 4.

A large number of indoor baseball enthusiasts met at Armory hall Monday evening and discussed plans for organizing a league in this city, make up a schedule of games and play for the championship.

On account of the extremely bad weather all of the men expected were not present and it was decided to have a game between a team of cigar makers and one of the Eagles Tuesday evening, Nov. 4. All interested in indoor baseball are invited to be present and after the game the work of organizing the league will take place. It is the present plan to have a six club league and have two games a week, one on each Tuesday and one on each Thursday evening. The men also plan to have the manager of each club in the league a member of the board of directors and have everything as businesslike as possible. Indoor baseball is a most interesting winter sport and it will no doubt be well supported.

COMMUNICATED.

To the Editor of the Journal:

Dear Sir: In your issue of Sunday, the 26th, you called attention to the manner in which saloons are conducted in Kewanee, which has the reputation of strictly regulating them. The saloons of Kewanee are situated on the two sides of one block. There is not an iron fence in the rear of these liquor places as you stated; there is not a side entrance from one saloon to another as you stated. Every one of them have a back door. They open at 6 o'clock and close at 10 o'clock. They have not been scattered all over the city for twenty years. As to whether it is best to have them segregated, that is another matter. Your paragraph, which said, "saloons all in a group, iron fences at the rear and a policeman in front" is not true. It is a half truth; the most dangerous misrepresentation that could be published.

Your comment which charges that the saloon cannot be separated from politics is an unfortunate error on your part, for the saloon has been kicked out of American politics. The brewers and distillers are doing what they can to protect their interests. They have as much right to do this as a man that makes flour and clothing or anything else that the American people demand. But the saloonkeeper has been separated, except in a few large cities of the country; and no longer has the power if he has the desire, to rule in politics. The saloon-keeper city is a thing of the past and it ought to be. The Book of Books does not mention a saloon or a newspaper; but it does teach temperance and that is what we stand for instead of prohibition.

SPRAINED ANKLE BY FALL.

Frank Sullivan has a badly sprained ankle as a result of trying to help fight the flames at the Crawford mill fire. He was working on the roof of a shed adjoining the Crawford houses and as he attempted to help Earl Butcher to the roof was pulled off and fell to the ground. His ankle was very severely sprained and he was carried by friends to the Pacific hotel and from there was taken home in a carriage where Dr. Norris attended. Earl Butcher fell at the same time, but struck a piece of framework in such a way that he reached the ground without injury.

MR. SHAW COMING WEDNESDAY

TRY THESE RECIPES.

How to Prepare the Good Things
Grandmother Made.

Mother's Corn Muffins.—Mother was certainly famous for her corn muffins, which were made after this recipe: Mix together one cupful of cornmeal, two cupfuls of flour with three teaspoonfuls of baking powder mixed through. Melt some butter, enough to measure three-quarters of a cupful; stir this in and also a fourth of a cupful of sugar and one cupful of sweet milk; stir in a little salt and three eggs well beaten. Bake in muffin or gem pans.

Baked Ham With Cider.—Select a ham of medium weight and fat and wash it well in cold water; cover with fresh water and cook for twenty-four hours; place in the kettle and cover with fresh sweet cider; put on the fire and let come to the boiling point, then simmer gently fifteen minutes to the pound or till tender. Remove from kettle and carefully take off all the rind; sprinkle lightly with sugar, put in a baking pan and cook in a moderate oven till nicely browned, basting with cider from time to time.

Meat Roll.—One quart of beef that has been run through the grinder twice in olden times they chopped it very fine; one quart of bread crumbs moistened with one pint of milk and three eggs beaten together, adding one round teaspoonful of salt, one of pepper, one tablespoonful of fine sage and two teaspoonfuls of butter. If there is much fat in the meat the butter may be omitted. Mix the meat lightly with the softened bread, shape into two loaves in a pan and place in a hot oven to form a crust, then pour a little hot water in the pan and bake one hour. Make this the day before it is needed.

Floating Island.—Make a soft custard, using one quart of milk; heat it slightly and add the yolks of four eggs and two of the whites well beaten, with a heaping tablespoonful of sugar and a flavoring of vanilla. Cook in a double boiler, and as soon as it begins to stick a little on the side remove from the fire and pour it in the dish in which it is to be served. Just before tea time beat the whites of the two eggs very stiff with powdered sugar and make dots over the top of the custard and put a bit of currant or grape jelly in the center of each island.

How to Remove Stains.

IF you have any of the stains may be removed by placing the stained material in a hot solution of salts of sorrel or salts of lemon and leaving it to steep until they disappear or by placing the stained part over a basin and pouring boiling water through to moisten the stain, which enables the chemical action to take place more rapidly.

Then a small quantity of salts of lemon or salts of sorrel should be placed on the stain and rubbed firmly in and boiling water again poured through. If the first application does not remove it the process must be repeated. If the iron mold is due to old iron rust neither of the above mentioned chemicals may remove it successfully.

A pinch of oxalic acid, which is a stronger chemical, may then have the desired effect. It is used in exactly the same manner as salts of lemon, but it must be used with great care as it is injurious to fabric.

How to Start a Fortune.

Save a little every week and when you get an increase of wages or salary continue to live within the former limits and save the increase. If you find it difficult to save go in debt for a home or undertake some other obligation in the way of investment that will compel you to save.

In these days, of course, the average man or woman has better opportunities to win success in salaried positions than in individual enterprises. The big enterprises pay big salaries at the top, and close application will win promotion toward these bigger rewards. It is not necessary for a man or woman to get a big salary before he or she begins to put money aside.

How to Wear the Modish Sash.
Sashes may be tied at the side of the back with short ends or may hang from a flat bow directly in the middle of the back with long, side plaited ends, caught at the bottom by hem-stitched bands of ribbon or silk. Pleated edged ribbon sashes have tasseled ends. Small sashes tie directly in the middle of the front with three inch loops edged with five inch fringe.

How to Clean Rugs.

To clean Saxony rugs brush through the velvet surface a mixture of coarse salt and cornmeal, slightly dampened.

"DRY" FORCES VICTORIOUS
Mexico, Mo., Oct. 27.—The Prohibition forces were victorious here today in a local option election. Out of 1,547 votes the "drys" secured a majority of 65.

MORTUARY

Owen.
Funeral services for James T. Owen, mention of whose death was made in the Sunday issue of the Journal, will be held this afternoon at 2:30 o'clock at the late residence 918 South Diamond street, in charge of Rev. G. W. Flagg, pastor of Centenary M. E. church. Interment will be made in Diamond Grove cemetery.
Mr. Owen was a son of Elias and Martha Owen and was born in Macoupin county July 28, 1855. He was married to Eliza Buckner, who preceded him in death. He is survived by one son, L. L. Owen, two daughters, Mrs. William Henley and Mrs. E. Dwight Smith, all of this city, and the following brothers and sisters: William H. Owen of Boise Idaho, H. E. Owen of Grand Junction, Colo.; G. B. Owen of Coffeyville, Kan.; J. M. Owen of Kansas City, Mo.; and L. M. Owen of Wichita, Kan. One son died a number of years ago.
Mr. Owen joined the Christian church when a young man. After his marriage the family moved to Girard where he united with the M. E. church and he still held his membership there. He was also a member of Illinois lodge No. 4, I. O. O. F., Cassell.

Word has been received in the city by Miss Sue Cassell of the death of her niece, Miss Ella Cassell, which occurred in Chicago. She was a daughter of the late William Cassell formerly of this city. She attended the public schools here and graduated from the Athenaeum. Miss Cassell and Mrs. Frank O'neal have gone to Chicago to attend the funeral.

A CARD.

We wish to extend to our neighbors and many friends our thanks for their many acts of kindness and sympathy during the illness and death of our daughter and sister, Gertrude. Also for the many beautiful flowers.

M. G. Fernandez and family.

ATTENDING CONVENTIONS.

Dr. A. L. Adams has gone to Chattanooga, Tenn., where he is attending the annual meeting of the American Academy association for the treatment of the eye, nose and throat. He expects to return to Jacksonville on Thursday, and Friday he will go to White Hall to attend the Western Illinois Medical society annual meeting and will give a paper on "Ocular and Auricular Complications of Measles." On November 8 Dr. Adams will attend a meeting of the surgeons of the Chicago & Alton railroad in Chicago and he will also read a paper on some phase of eye disease before that body.

In addition to the rare furs carried by Mr. Ryan, FRANK BYRNS' Hat Store will quote exceptional low prices on any furs sold today.

FUNERALS

Fernandes.

Funeral services for Miss Gertrude Fernandes were held Sunday afternoon at 2 o'clock at Northminster church in the presence of a large number of relatives and friends. The services were conducted by Rev. Walter E. Spoon, pastor of the church, assisted by Dr. A. B. Morey. Music was furnished by a quartet and the flowers were cared for by Miss Elsie Baptist, Miss Reicy Baptist and Miss Julia Mendonça.

Interment was made in Jacksonville cemetery and the bearers were John Vasconcellos, George Vasconcellos, Arthur Baptist, Jas. Powers, Russell Oliver and Uziel Goveia.

Cunningham.

The funeral of Charles Cunningham was held at the residence of his daughter, Mrs. McKee, Sunday afternoon at 3 o'clock, in charge of Elder Taylor. The singing was congregational and the flowers were in charge of Mrs. Underwood, Mrs. Martha Richardson and Mrs. Bertha Simms. Interment was made in Jacksonville cemetery and the bearers were: Gus Nash, Isaac Postley, Dallas Lee, Gabe Kirk, George Clark and Daniel Carter.

Cully.

Funeral services for Miss Clara Belle Cully were held Monday afternoon at 2:30 o'clock at the late residence, 279 Sandusky street, in the presence of a large gathering of relatives and friends and the services impressively conducted by Rev. Clyde Darsie, pastor of Central Christian church. Music was furnished by Miss Marie Finney, Mrs. Wallace Brockman, Frank Plour and J. Philip Read. The flowers, which were many and beautiful, were kindly cared for by Miss Ruby Cully, Miss Thelma Arnold, Miss Alice Green and Miss Edith Tichnor. Interment was made in Diamond Grove cemetery and the bearers were Homer Cully, Charles Cully, Howard Cully, Edgar Cully, A. D. Arnold and Julius Strawn.

CIRCUIT COURT SUITS FILED.

The following suits have been filed for hearing at the November term of the circuit court:

Final report of Benjamin Darley, administrator of the estate of William Darley, deceased. Appeal.

L. S. Cook and Clarence Preston vs. T. E. Laurie, assumpsit.

Nina Odell vs. Arthur Odell, divorce. P. P. Thompson is attorney for Mrs. Odell and desertion is charged. The marriage took place July, 1910, and it is alleged that the defendant deserted his wife Jan. 5, 1911.

Mary J. Self vs. J. L. McCarthy et al, bill to foreclose mortgage.

MADE ARGUMENT FOR SALOONS

Rev. W. A. Gardner made an address in Armory hall Sunday afternoon in behalf of the return of saloons to Jacksonville. He was introduced by William N. Hairgrove and was heard by a large and evidently interested audience. The speaker told something of his own work in the past and presented a line of argument to show that liquor selling through regulated saloons is vastly better than in other ways. He argued that saloons can be and are conducted today along much better lines than was formerly true.

NOVEL FURNITURE.

Messrs. Andre & Andre received yesterday some novel furniture which they import directly from Hong Kong, China. It is made of sea grass with malacca which is like willow somewhat, stems a quarter of an inch in diameter and used for the body of the chair and foundation around which the grass is wound. It seems to be strong and durable and at the same time is a peculiar article.

TEACHERS RETURN FROM VISIT TO CHICAGO SCHOOLS

Many New Ideas Were Gained and the Inspection Proved Interesting and Instructive—Plan Another Trip to St. Louis.

Superintendent W. A. Gore, the principal of the wards schools, and a number of the teachers who went to Chicago to inspect school work, returned Sunday night. The party arrived in Chicago at 1 o'clock Thursday afternoon and went direct to the Tilton city school. The following day they went to the Evanston school and Lane Technical high school. Friday the entire day was spent at Oak Park high school and Oak Park public school, the former school having for superintendent John Calvin Hanna and the latter W. H. Hatch. Mr. Hanna is the newly appointed high school state visitor. Mr. Hatch has been a teacher for 54 years and is most active in the work. He accorded the visitors every kindness, putting his automobile at their disposal. Supt. Gore had a conference with Mr. Hatch and Ella Flagg Young, superintendent of the Chicago schools relative to school work.

The various phases of school work were inspected by the visitors and many new ideas were learned. There are a number of points in which the local high school, however, exceeds those of the Chicago schools, so that the visit was a give and take advice.

Superintendent Gore is planning, before the school year is over, probably some time in January, to take all the teachers of the city to St. Louis to visit the schools of that place.

STUDENTS HEAR ADDRESSES.

Students at the high school heard reports Monday morning from the teachers who went to Chicago and also the subject of football was noted. Supt. Gore, Prin. Collins, Miss Keuchler, and Coach Buland were among the speakers. Players on the football team who spoke were Reynolds, Haigh (Capt.), and Berryman. An optimistic spirit prevailed in the speeches on the loss of the game at Peoria Saturday and the boys have resolved to redouble their energies toward making their team a better one. Supt. Gore told the school of the game he saw in Chicago between Purdue and Chicago and his recitation of a bonehead play in the contest served as a "bracer" for any athlete who felt too keenly the disappointment over the loss of a game.
